LOTTA AIDS VETERANS IN DANGER

Crabtree Will Shanghai Roads Helped Needy

Address Sets Aside Half of \$4,000 Estate for Heroes of War

Theater Folk, Dumb Animals, Convicts and Relatives to be Beneficiaries

(BY A. P. NIGHT WIRE)
BOSTON, Sept. 29.—The \$4,000 estate which Miss Lotta Crabtree acquired in a colorful career of song and dance, real estate investment and theater operation, goes to charity under the terms of her will which was filed today—and half of the sum goes to form a trust fund for World War disabled and their dependents.

Setting aside only nominal sums for relatives, the actress left hundreds of thousands for dumb animals, needy actors and actresses, hospitals and discharged convicts and the residue to graduates of Massachusetts Agricultural College.

The will establishes a trust fund of \$1,000,000 for those men and women in the service of the United States during the World War who were disabled, maimed, wounded or sick and extends assistance also to their dependents.

"I thoroughly believe that in the making of this particular trust, I have selected the noblest and most deserving philanthropy to which my estate can be put," the testatrix said in the will.

ADMIRE HEROES

"I have great pride in and admiration for the heroic and patriotic service rendered by our soldiers and sailors, who were in the service of the United States during the late World War, and I have given great consideration to the needs of those who have come to so many of them in the performance of their duties and to the hardships and difficulties which they must continue to suffer in years to come.

"I am fully aware of the fact that they have never received adequate compensation for the service which they have helped to accomplish for the honor and well-being of their country and mankind.

"The trustees are empowered to use any hospital or other organization performing similar service to veterans and are directed to use the income from the fund annually.

"As soon as at the present time, there will be greater occasion for aid and assistance than there will be in the future, the will directs the trustees to use the principal of the fund.

GREAT AGE COOLIDGE PLEDGES AD IN BARS TOUR

La Follette May Not Come Here Message to American Mining Men's Convention Emphasizes Need of Colorado River Pact

Candidate, 70 Years Old, Feels He Must Conserve Failing Strength

Poor Health Worries His Managers; Burden to Fall on Wheeler

(EXCLUSIVE DISPATCH)
WASHINGTON, Sept. 29.—Senator La Follette, despite the announcements of his political managers to the contrary, is unlikely to go to the Pacific Coast in connection with his campaign for President. The Wisconsin Senator, who will be 70 years of age on his next birthday, and who found the closing weeks of the recent session of Congress too strenuous for regular attendance, is conserving his strength for the general direction of his candidacy.

The old "Fighting Bob" of a few years ago lives only in the undiminished will of the Wisconsin Senator, his bodily resources, depleted by illness and the demands of his long and strenuous career in politics, are not superior to the encroachments of age.

READS SPEECHES

Still vigorous and at times as fiery as ever, the La Follette of today frequently is forced to read his speeches from manuscript, a concession to family memory, which the La Follette of ten years ago would have scorned.

His political managers, who have been a source of worry to his managers, and who are manifestly in no condition to undertake an extended stump tour, the La Follette strategy calls for an occasional speech by the independent Presidential candidate in some central location, and the La Follette of today is not in a position to deliver his own that is not wanting in its appeal to certain types of audiences.

WHEELER ON TOUR

The Montana Senator is now making a tour of the Pacific Coast, which will take him into California about the middle of October. Because of the California Supreme Court decision barring the La Follette electors from the ballot in that State as "independents," the La Follette managers are making an effort to win sympathy not only in California, but in other States.

Propaganda of this kind already is being issued and the impression sought to be conveyed is that the California decision is a part of a conspiracy to deprive the La Follette of the right to participate in the election of the President.

The last word tonight was that the British and French viewpoints are in accord. One of the spokesmen said: "There are one or two or three directions in which we can move and still satisfy everybody. We have virtually no intention of settling this by grouping powers against powers and bringing pressure to bear upon Japan. We must settle it by agreement with our friends, the Japanese."

The swing to Japan has developed because statesmen are beginning to realize that the dividing wall between questions belonging to the internal jurisdiction of a state and questions which clearly are of international scope is exceedingly thin; so thin, indeed, that it becomes at times a mere shadow. One of the dominating features of tonight's discussion was the insistence that the Japanese issue should be handled not as an issue between Japan and America, but as an issue between states, and in the widest international sense.

French delegates who said they (Continued on Page 2, Column 6)

Stores Left in Goldfield Go in Second Fire

(BY A. P. NIGHT WIRE)
TONOPAH (Nev.), Sept. 29.—The second fire to visit the business section of Goldfield, gold-mining camp south of here, in fifteen months, wiped out what was the damage of that section today, the damage being estimated at \$100,000.

The Elks' Hall and the News building, which housed the Goldfield Tribune, were virtually destroyed, although built of stone. The News building also housed the Goldfield Hotel, built during the boom days at a cost of \$500,000, was slightly damaged. Seventy guests were asleep in the hotel but escaped in time. The fire started at 12:10 a.m.

Child Is Killed Before Mother by Caged Bear

(BY A. P. NIGHT WIRE)
CHICO, Sept. 29.—Before the eyes of her mother, 3-year-old Hazel Pappas was killed today by a caged black bear at the W. H. Pappas property at Durham, seven miles south of Chico. The animal seized the little girl as she ran past its cage. It was shot by Allan Green, who recovered the girl's body.

VALENTINO'S EX-WIFE IS IN ALIEN ROLE

Citizenship Rights Lost in Marriage to Film Actor Are Asked Back

(EXCLUSIVE DISPATCH)
NEW YORK, Sept. 29.—Jean Ackler Valentino, first wife of Rudolph Valentino, applied to the United States District Court today for her first citizenship papers, although she was born in the United States. She explained that when she married the motion-picture actor she assumed her husband's nationality. For applying for restoration of American citizenship she foreswore allegiance to Victor Emmanuel III, King of Italy.

Mrs. Valentino stated in her application that she was born in Trenton, N. J., October 13, 1896, that she lived at 21 East Forty-ninth street, that she was an actress, and that she had been divorced from Rudolph Valentino. She has no children.

Wales to Leave Ranch for Trip West Tomorrow

(BY A. P. NIGHT WIRE)
HIGH RIVER (Alberta) Sept. 29.—The Prince of Wales will leave his ranch on Wednesday, spending Thursday afternoon in Jasper Park and reaching Vancouver on Friday. He expects to spend two or three days in Vancouver and Victoria and to stop at Banff on his way back to Calgary. The Prince's stay at his ranch has been characterized by great activity. He pitched hay today and planted the plan for management of his ranch.

He has enjoyed climbing the mountains near his ranch, hunting and fishing. He brought in a large string of trout on Saturday.

Arizona Urges Rail Plans be Heard Jointly

(EXCLUSIVE DISPATCH)
PHOENIX, Sept. 29.—The Arizona State Corporation Commission, Tidewater Association and other local interests are represented in a brief just filed with the Interstate Commerce Commission, urging that the matter of merger between the Southern Pacific and Southwestern Railway systems, and the main line application through Phoenix made by the former, shall be considered together, and that neither shall be granted without the other. This is understood to be acceptable to the Southern Pacific directors.

BANK GUARD RETURNS WITH STOLEN MONEY

(BY A. P. NIGHT WIRE)
SPRINGFIELD (Mass.) Sept. 29.—William J. Hanlin, bank guard of the Union Trust Company, who absconded with \$30,000 in \$10 bills Thursday morning, was brought to Springfield this afternoon. Hanlin informed a bonding company earlier today that he was returning from Chicago with the money. The train was met at Albany by Springfield police and Hanlin was arrested.

KIDNAP SUSPECT CAUGHT

(BY A. P. NIGHT WIRE)
BALLINGER (Tex.) Sept. 29.—Rev. Joseph E. Yates, charged with abducting a 14-year-old Oklahoma girl at Alfame, was arrested today near Winters, Tex.

COOLIDGE PLEDGES AD IN RECLAMATION OF WEST

Message to American Mining Men's Convention Emphasizes Need of Colorado River Pact

Candidate, 70 Years Old, Feels He Must Conserve Failing Strength

Poor Health Worries His Managers; Burden to Fall on Wheeler

(EXCLUSIVE DISPATCH)
WASHINGTON, Sept. 29.—Unremitting encouragement by the government in the development of water reclamation and the rehabilitation and expansion of the metal mining industry was pledged by President Coolidge in a letter today to the convention of the American Mining Congress at Sacramento.

Mr. Coolidge said it was time to consider the larger of these projects in the West, which are more difficult and expensive engineering character and called attention to proposals now under consideration by Congress and other government agencies.

Criticism of such a program of encouragement, which he said, "there already is an overproduction in agricultural products, the President declared, "lies in the lack of understanding that these projects take many years for development, that they furnish only a small portion of the total increased food supply required even by our increasing population, that the utilization of their supplies lie in the development of the West itself."

"It is my purpose," he added, "to unremittingly stimulate and encourage the development of these great projects by every authority of the Federal government."

FOR RIVER TREATY

Mr. Coolidge expressed the hope that the treaty negotiated among the Colorado River nations, which is to be adjusted to differences over inter-State water rights soon will be ratified and signed. The Colorado River will be gotten under way as proposed by the administration, and the development of natural resources and for protection in the Sacramento River Valley in the Columbia River basin and other sections of the West were detailed by him.

"A country growing so fast as is ours, the President said, "cannot limit its considerations to immediate necessities. Many people now living will see this country of 100,000,000 inhabitants, the national interest will be served by promoting the widest diffusion of population. The national security, the best source of development, the wisest utilization of natural resources—all demand this."

Recalling the depression in the mining industry, Mr. Coolidge said the delegates the ultimate restoration of the precious metals as a basis of national circulation was in sight, particularly in view of the recent great advances made under the Daves plan in the rehabilitation and stabilization of European countries.

SEES METAL DEMAND

"As soon as the gold standard is again, generally in operation," he said, "our stocks will be drawn upon to meet the needs of the world. With the resumption of expansion of industry and trade throughout the world in the next few years we will be able to absorb a much larger production of both gold and silver than is now demanded."

The President called attention to the contributions of the government to the mining industry through the Geological Survey and the Department of Commerce.

"When the world is again in the grip of the depression of our great resources must in a large sense come from the mining industry. It is not a country of paternalism. It is a country where the government finds its duty in giving support in the solution of the most difficult problems which are incapable of individual solution in the right application of their talents and industry."

Cold Wave Hits Central States; Crops Damaged

(EXCLUSIVE DISPATCH)
CHICAGO, Sept. 29.—The first real cold wave of the season settled down last night over the whole country between the Rocky and Appalachian Mountains and the Canadian border to Southern Kansas. Freezing temperatures and heavy frosts prevail throughout the entire area.

In the vicinity of Fort Mifflin, along the coast of Lake Superior the thermometer has fallen to 16 deg. below zero.

Reports of considerable damage to farm crops are coming in from practically all points in the affected area. Minnesota and North Dakota, according to dispatches, suffered the greater of damage, while Illinois, Indiana, Iowa and Missouri were hard hit. Frosts throughout Kansas were very much that damage to the corn crop.

Weather forecasts are for continued colder weather.

NAME FOR DIRIGIBLE IS SOUGHT

Navy Air Officials Will Follow "Shenandoah" Idea in Christening ZR-3

[BY A. P. NIGHT WIRE]

WASHINGTON, Sept. 29.—A suitable name is being sought by the navy air service for the dirigible ZR-3, German-built ship which is expected to sail for Lakehurst, N. J., on Oct. 1. The ship, christened "Shenandoah," is the first of a new class of rigid airships which will continue to be built.

The few preparations necessary to receive the ZR-3 on this day already are under way. Towed by a tug, the ship is being moved to the lake. The ship is expected to arrive at Lakehurst, N. J., on Oct. 1. The ship is expected to arrive at Lakehurst, N. J., on Oct. 1. The ship is expected to arrive at Lakehurst, N. J., on Oct. 1.

Butler Hails Roosevelt Aid

Holds Nomination Will Help in New York State

Chairman Says Davis Will Not Get State in West

Hints Radical Court Ruling Frame-up

[BY A. P. NIGHT WIRE]

NEW YORK, Sept. 29.—William M. Butler, Republican national chairman, who reached New York today from Chicago, issued a statement in which it is asserted that his party had no hand in pressing the case which resulted in the ruling of the California Supreme Court refusing the La Follette electors a place on the ballot as independents.

"If I had discovered that any member of our official group had originated or participated in the agitation, I would have disavowed the act," said Mr. Butler. "In a conversation with newspaper correspondents the chairman added that he thought the decision would 'make no particular difference' in the California vote in the election."

Mr. Butler declined to predict how many States Senator La Follette would carry in the election. He said he believed John W. Davis, the Democratic nominee, would run third.

POTHIER TRIAL OPENTODAY

Extra Jury Called by Federal Judge at Tacoma for Cronkite Murder Hearing

[BY A. P. NIGHT WIRE]

TACOMA (Wash.), Sept. 29.—A jury of 12 men was called today by Federal Judge Edward E. Cushman, before whom Roland Pothier, former sergeant bugler in the Army, will go on trial tomorrow morning for the asserted murder of Maj. Alexander Cronkite at Camp Lewis in 1918.

It is anticipated in court circles that great difficulty will be experienced in obtaining a jury in this case and that of Robert Rosenbluth, former Army captain, who was indicted with Pothier for the Cronkite murder. The Rosenbluth trial is scheduled to start Oct. 22 because of the wide publicity the case has had during the past six years with most of its developments centering around Tacoma and Camp Lewis. It was decided to increase the number of available jurors to 100.

Most of the eighty witnesses called from all parts of the United States and its insular possessions to testify in the two trials have reached Tacoma, with the strangers expected tomorrow and Wednesday. Included in the list are Maj.-Gen. and Mrs. Adelbert Cronkite of Baltimore, parents of the dead major.

Gen. Cronkite, never satisfied with the Army board's version of accidental death in his son's case, has been the moving spirit of the investigations during the past six years, which will have their climax in the two trials here.

Selection of the jury is expected to occupy at least three days, after which the question of jurisdiction will be taken up. It has not yet been finally decided whether Camp Lewis had passed into the hands of the government at the time that Maj. Cronkite met his death. The United States Supreme Court has decided that the question of jurisdiction must be decided in Federal Court here. Both Pothier and Rosenbluth were indicted by a Federal grand jury which met in Tacoma in 1922, but the question of jurisdiction has delayed their trials.

CHICAGO HIT BY TRAGEDY WAVE

Cars Kill Eight, Murders and Robberies on List

Society Widow Slain, Riding Academy Head Held

Strangers Kill City Fireman as He Stands at Bar

[EXCLUSIVE DISPATCH]

CHICAGO, Sept. 29.—After the epidemic of poisonings in Southern Illinois, where four persons are dead as the result of relations with others than their legal mates, Chicago edged a trifle further into the limelight today with eight automobile killings, two or three murders, a poisoning mystery and the usual run of robberies.

Mrs. Julia Ann Douglas, pretty equestrienne, a widow well known in uptown society, was shot and killed this evening, police believe, by George Munding, her fiancé, in a paddock near the Munding Riding Academy in Hinsdale. Munding was proprietor of the academy.

Caught on Road

An hour after the killing Munding was captured as he was speeding toward Chicago in an automobile. He was charged with the murder of the woman, but the police believe it was the result of his jealousy of another man. Mrs. Douglas was the wife of a well-known Chicago fireman and a accomplished horsewoman.

Edward Martin, a city fireman, was shot five times and mortally wounded by two men, who attacked him in a saloon. The three were drinking at the bar when the strangers whipped out pistols and began shooting Martin. No motive for the killing is known at present.

Girl Believed Poisoned

Theresa, Granite, 3 years of age, is dead and two of her little brothers are seriously ill, presumably from poisoned candy. A post-mortem examination will be conducted tomorrow.

Subpoenas were issued today for Walter G. Scott and Mrs. Gladys Scott, who will be questioned as to the circumstances surrounding the death of Leon Scott, who was found dead in a room at the Rose Hotel Saturday. A telegram from a sister in San Diego hinted at foul play and the cause of the death of the man's stomach will be analyzed. He carried \$50,000 life insurance.

Radio

A Splendid Selection

Our new Radio Department offers a comprehensive selection of fine instruments, all carefully chosen.

KARNAK

Is Giving Thousands Right Here in California a New Grip on Life by Restoring Health, Strength and Vitality of Younger Days

With demonstration after demonstration all around you of the remarkable powers of M. Andre's renowned health-building medicine, Karnak, to restore the health, strength and vitality of younger days, are you going to let this great opportunity pass you by?

Are you going to continue to struggle hopelessly day after day trying to get enjoyment out of life when you neither look nor feel like standing on your feet? Quick relief is right around the corner at the Karnak drug store.

Listen to what some of the happy people in your own state say about the remarkable change Andre's wonderful medicine has made in their lives.

"Karnak has done everything and more for me than is claimed for it. I was just about all in after suffering a year with stomach, kidney and liver troubles, but I am in grand shape now—eat like a horse, sleep fine and feel like a two year old. More power to Karnak!" FRANK BROWN, 1003 Laguna St., San Francisco, California.

Quit suffering from such symptoms as poor digestion, formation of gas, rheumatism, heart palpitation, sluggish liver and disordered kidneys. There is no reason why Karnak won't do for you what it is doing for so many thousands of others. Read this:

"Two bottles of Karnak drove all the rheumatism out of me that has been making my life miserable for years. My nerves are wonderful now. I haven't an ache or pain in my entire body and I am just gaining in strength every day." MRS. GRACE E. BOWER, 7244 San Pedro St., Los Angeles, California.

Stop waking up dull and tired, eyes heavy, head dizzy, tongue coated, bad taste and offensive breath. Karnak is a direct cure.

"Karnak is the greatest blessing on earth. After 18 years of misery from stomach troubles that had torn my nerves to pieces so I could hardly sleep, I am as healthy as a school boy, and Karnak did it. Every bit of trouble has left me and I am so full of new life and energy that I hardly know myself." CHARLES WELLS, Walnut St., Alameda, Calif.

Try this great medicine yourself! Notice the quick difference in the way you eat, sleep, look and feel. You will be completely satisfied otherwise the Karnak agent will refund every cent you paid.

Karnak is sold in Los Angeles by the Owl and Sun Drug Stores.

RUSSIAN REVOLT GAINING

Peasants Over Entire Caucasus Battle Reds Over Grain as Famine Specter Stalks in Land

[BY RAYMOND FENDRICK]

[BY CARL EXCLUSIVE DISPATCH]

TREBIZOND, Sept. 29.—The revolution against the soviet is blating fiercer than ever in North Caucasus. The peasants and soviet soldiers are locked in a death grip behind the impenetrable wall which the latter have thrown around the entire Caucasus, and in view of the impending famine in the Volga even the position of the Moscow government may be in jeopardy.

The soviet, backed by Red mercenary troops, have commenced to seize all the new grain in the Caucasus for export. And from the mountains in North Georgia, where the Georgian patriots are making their last stand in the struggle for independence against the masses of Red Armenian, Chinese, Latvian and Tartar troops up through the North Caucasus republics, the Kuban country and the government of Stavropol to the mouth of the Volga and into the Don province, all the peasants have joined a general uprising, cutting railways, killing isolated Communist and beating soviet administrative centers.

SPIRIT BROKEN

In the South Caucasus the spirit of the Georgian revolt has been too utterly broken by the massacre of thousands upon thousands of Georgian leaders to participate in the revolution, but all Daghestan has been in open revolt since the end of August and the mountainous districts of the Caucasus are fighting the Red forces. The Red forces have been broken by the Georgian patriots and to some extent the Georgian government, which has been in power for three years, wrote his organization on June 2, last, warning it not to start the revolution before the north was ready.

GENERAL UPRISING

The protest against soviet tyranny was so widespread that the revolutionary committee of the Caucasian republics decided to start a general uprising from the Turkish frontier to the Manich River, a territory embracing more than 20,000,000 inhabitants.

The North Caucasus would have been exposed immediately to a soviet attack, but the Russian government has been unable to cut north of Georgia, Azerbaijan and Armenia would have had ample time to organize revolutionary governments and to assemble the north. M. Jordanian, President of the Georgian government, who has been in power for three years, wrote his organization on June 2, last, warning it not to start the revolution before the north was ready.

The Georgian Cheka learned enough about the plan to precipitate the soviet revolution of August 28, last, before the North Caucasus was prepared, and most of the real Georgian who were dragged in lost their lives.

In spite of the fact that the Georgian revolt went off half-heartedly, and it is an unexpected strong and even soviet newspapers in Batum and Tiflis admit that the soviet had a narrow squeak.

FARM CREDIT IS SUCCESS

Coolidge Farm-Aid Plan So Successful That It Will be Widened to Include Diversification

[BY A. P. NIGHT WIRE]

WASHINGTON, Sept. 28.—The Agricultural Credit Corporation, organized last February on the initiative of President Coolidge as a method of relieving agricultural distress in the Northwest, has been so successful in improving the banking situation in that territory that it has broadened its activities to include aid in farm diversification.

This was announced today in a letter from C. T. Jaffray, chairman of the corporation's board, to Secretary Mellon.

To date the corporation has assisted 220 banks with its aggregate of more than \$5,000,000. Mr. Jaffray informed the secretary that the corporation has been successful in obtaining the necessary funds to approximately \$52,000,000 and he believed it safe to assume that the aid thus far extended to the banks in the Northwest had been checked and at least \$25,000,000 of deposits had been secured. Mr. Jaffray said also that the spirit of the people in the territory affected has been raised and a great measure of confidence restored.

"This banking situation having so improved by the increased prosperity in the territory," he continued, "the corporation now has concentrated its attention on diversification. Twenty-five hundred dairy cattle have been distributed to the territory, and 400 farmers. Applications to the corporation for sheep total between \$6,000 and \$7,000, coming from approximately 130 localities for an average of fifty to 100 animals on each farm. On this basis there will be from 7,000 to 10,000 sheep who will get a start in sheep-raising through the corporation."

The corporation has also given material aid to co-operative marketing and farm loan associations, wherever a genuine need for agriculture has been shown and will continue to do so. This has not been a business of private capital and it is accomplishing results.

"It is broad-gauge business on a business basis with private capital and it is accomplishing results."

DAYS OF '49 RE-ENACTED

Stage Coaches and Covered Wagons in Sacramento Parade as Greeting to Mine Congress

[BY A. P. NIGHT WIRE]

SACRAMENTO, Sept. 29.—Stage coaches which plied their way between Hangtown, Whiskey Hill, Jackson Hill and other towns of gold-rush days, this afternoon rumbled down the streets of Sacramento. Covered wagons which creaked across the plains and found final shelter in Sutter's Fort, were pressed into use and red-shirted men and calico-gowned women rode in them, in observance of the "forty-nine" reception today of delegates to the twenty-seventh annual mining congress which opened here.

The stage coaches, covered wagons, old hicks, one-horse shays, burros, riding horses and men and women dressed as was the custom in 1849 composed the parade.

There were no new-fangled modes of transportation in the entire line of march.

For the benefit of the visitors from the East, Sacramento turned back the pages of history for a day.

Tonight the delegates are being given a reception beneath the trees in Memorial Grove in Capitol Park, the trees having been transplanted from every battlefield of the Civil War.

Tomorrow morning, the Mine Congress will commence its business sessions.

ROPE ON GIRL'S NECK

NOT CAUSE OF DEATH

[EXCLUSIVE DISPATCH]

PHOENIX, Sept. 29.—When Honor Webster, 8-year-old daughter of a farmer, was found dead beside her father's automobile, with a rope around her neck, there was a strange theory that she had been strangled through carelessness. A coroner's jury this afternoon found the child had died of convulsions and that the rope merely happened to be on her neck and had no part in causing death.

Tale of Vanished Bookkeeper Reads Like Romance

(EXCLUSIVE DISPATCH)

NEW YORK, Sept. 29.—Haverstraw, N. Y., thronged to his burial ground with Mrs. John Drummond, his elderly Cinderella, before whom the body of John Drummond was carried to its grave.

There was not a person in the town yesterday who did not thrill to hear that John Drummond was dead. He had just come back about a year ago in a huge limousine after vanishing from the town in an impetuous book-keeper's status twenty-five years ago. Thirty-five years ago he worked for a print shop here and met Elizabeth Garland. A rapid courtship and marriage ensued and they lived happily, but not ever after—

only for ten years. Then Drummond disappeared. Last October the Drummonds of McCue Bros. & Drummond, a chain of Manhattan hat stores, died intestate. He was a brother of Drummond, and John appeared to claim a small fortune of \$100,000, including an estate at Katonah, N. Y. John went back to Haverstraw in the limousine. Inquiring for his wife he found she was working in a factory, but had left there for her cheap boarding house. So the glittering limousine rolled in front of the boarding house, where, on the porch, sat the old bent form of the former Betty Garland. A few sobs, embraces and the two were together again. Two months ago they completed building a mansion and today Drummond is being buried. He was 75 years of age.

SANTA THERESA LOST BUT CREW IS SAVED

(BY A. P. NIGHT WIRE)

NORFOLK (Va.) Sept. 29.—Sinking of the American steamer Santa Theresa off the Georgia coast last night, and rescue of the crew of twenty-two men were reported in messages received by Coast Guard headquarters here today. The rescue was made by the American tank steamer I. C. White, and the crew will be landed in New York tomorrow or Wednesday.

Plaintiff to Appeal Case to Supreme Court

(BY A. P. NIGHT WIRE)

AUSTIN (Tex.) Sept. 29.—Brushing aside all the old common-law barriers against the right of women to hold office, Judge George C. Calhoun today ruled that Mrs. Miriam A. Ferguson is legally qualified to be Governor of Texas. In an opinion which Mrs. Ferguson's lawyers said was a thorough exposition of the law and a complete vindication of the position of the first woman nominee for Governor, Judge Calhoun declared that neither the Constitution of the State nor the statutes of the Legislature bar women from office. He refused to grant a temporary injunction to restrain election officials from placing her name on the ballot, which was requested by the plaintiff, Charles M. Dickson of San Antonio.

APPEAL PLANNED

The trial court's decision clears the way to bring the case up for final adjudication by the State Supreme Court. The case will be appealed immediately to the Court of Civil Appeals, Mr. Dickson announced. The only way to get it up to the State Supreme Court from this jurisdiction is on certified questions. The Supreme Court meets next Monday.

Judge Calhoun gave an oral opinion. The plaintiff contends that Mr. Ferguson's impeachment disqualifies his wife. That is so narrow and technical an objection that to uphold it is to say that the taint is on the entire family. A appeal of justice and fairness is against this. No matter what the husband does the punishment in law is not visited on the entire family.

OLD LAW PASSED

"The next question is whether a married woman under the common law could hold office just because she is married. Under the common law and the statutes of this State she could not enjoy the fruits of office because her husband was entitled to her salary. At least this is the contention of the plaintiff."

"Possibly it was so at common law because the rights of women then were nothing. But when the republic of Texas adopted the common law it specifically reserved the right to control the laws governing married women and has since done away with this common-law rule about married women and their separate property."

"We have progressed to the point where women may have separate property and have a right in community property. They have a right to dispose of separate property. In fact a woman can go into court and be emancipated from the control of the husband as far as her own property is concerned. Therefore the contention that Mrs. Ferguson is disqualified because her husband might share in her salary is overruled."

HAROLD'S SIX-GUN HIS ACE

Mule Skinner of Poetic Cognomen Bad Hombre to Separate From Job

(EXCLUSIVE DISPATCH)

DENVER, Sept. 29.—Out in the great open spaces near Morrison, Harold Kapperman, mule skinner, armed himself with a six-gun Tuesday, and, imitating the hard-riding, straight-shooting heroes of the pages of western fiction, went gunning for a paving gang foreman, Roy Roller, who had discharged Kapperman as a chaperon for a mule team.

Kapperman was disarmed before he could do any damage, and was turned over to Town Marshal Al Towner of Morrison.

The marshal then took Kapperman to Golden, where Sheriff Kerr is holding him pending the filing of charges.

Five Days Left to Register.

LEVIATHAN DELAYED, IN PORT FOR REPAIRS

(EXCLUSIVE DISPATCH)

NEW YORK, Sept. 29.—The Leviathan's sailing from here that was scheduled for last Saturday has been postponed until next Saturday, according to announcement by officials of the United States Lines. It was stated that the postponement results from the decision of the line's engineers to replace the last two of the Leviathan's old propellers at this time, while the liner is in dry dock at Boston. Instead of one, as had originally been planned, thus completing the installation of four new propellers.

TEXAS PRISON GROUP PUT ON HONOR ROLL

(BY A. P. NIGHT WIRE)

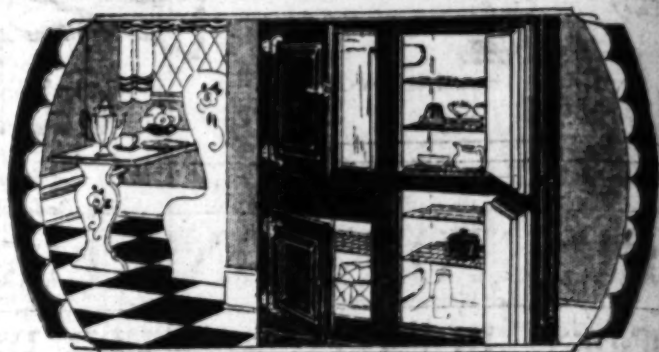

SUGAR LAND (Tex.) Sept. 29.—Convicts to the number of 132 on the Pat Neff honor farm donated today the blue denim that signifies that they are retrained and ruled by their honor only. Gov. Neff himself, opened the lock.

LONGSHOREMEN WIN

(BY A. P. NIGHT WIRE)

NEW YORK, Sept. 29.—Extension of the working agreement between the steamship companies and the International Longshoremen's Union to September, 1925, was announced. The longshoremen won their demand for the forty-four-hour week effective six months in the year with a forty-five-hour week for the remainder.

INVITE MINORS TO MEET HERE

Harry Williams Seeks to Secure Confab

Suggests Catalina Island as Scene of Action

Minor Leagues May Come to City in 1926

Harry A. Williams, president of the Pacific Coast Baseball League, and Oscar Reichow, business manager of the Los Angeles club, opened a campaign today to bring the annual meeting of the National Association of Minor Leagues to Southern California in 1926. Williams, a member of the association through his position as P.C.L. executive, will issue an invitation shortly to the secretary of the body and the matter will probably be voted on at the annual meeting next summer, which is to be held at Hartford, Conn.

The base of operations would probably be Avalon, Catalina Island, which is owned by William Wright, backer of the Angels. Mrs. Stetson, president of the association, expressed herself as favoring Catalina for the 1926 meeting, when he was in Los Angeles recently.

The last time the body met in the Far West was in 1915, when San Francisco was the scene of the convention. Last year's gathering was in Chicago. President Williams states that the West is due for the convention and will do its utmost to bring the affair to Southern California.

PROMINENT DRIVERS IN FRESNO CLASSIC

Next Thursday will see twelve nationally known knights of the automobile in action, in the 150-mile Fresno Day classic at Fresno. The entry list made public by Frank Maloney yesterday.

The list of entries includes: Harry Hill, Jerry Wootch, Harlan Fiegler, Fred Omer, Wade Morton, Peter DePaul, Ernie Anstetter, "Red" Schaefer, Earl Cooper, Antoine Moore and Tommy Milton.

Harry Hill, who was reported to be quitting the racing game after Jimmy Murphy's death, says that the story about his dropping the pace is false, and that he has no intention of giving up the sport.

CAVALRY POLO FOUR TRIMS SANTA CRUZ

(BY A. P. NIGHT WIRE) FRESNO, Sept. 29.—The Eleven Cavalry polo team of Monterey, defeated Santa Cruz, 4 to 1, here this afternoon in the first of the series of matches, which will be run off in connection with the Fresno district fair, which opened today.

SPEED WAGON

The Speed Wagon has been continuously manufactured since 1914. Each year has meant increased production.

In ten years there have been no radical changes in its design or construction.

These facts explain why the Speed Wagon never has—or will be—an orphan.

And why interchangeability of parts—one year's make of car with another—is so pronounced.

Both facts largely influence the high resale or trade-in value of the Speed Wagon.

HORRELL BLOCKED DEFEAT

Coach Eugene Nixon Says Bear Captain's Smartness Gave California Win Over Santa Clara

BY BRAVEN DYER

"An embarrassing lack of plays almost beat California Saturday." "Babe Horrell's smartness prevented the Golden Bears from starting their 1924 season with a defeat." On Coast teams in the matter of practice.

Eugene W. Nixon, Pomona College grid mentor, uttered the above words yesterday following his return from Berkeley, where he saw Andy Smith's athletes trim Santa Clara, 13 to 7, in a game that almost ruined the famous California coach's enviable reputation.

Nixon was attending the contest to get a line on the Bears, for his own charges play the Berkeley men a week from Saturday.

"After seeing the Bears in action I am convinced that Smith gave his athletes half a dozen plays, told them to go in and make work for a victory or else suffer defeat. Aside from the California stand-by—the quick buck into the line—short and run, off tackle smash, reverse buck and one long end run, the Bears didn't want a thing. Smith is a stickler for fundamentals and evidently showed his men to learn how to use a few simple plays rather than to allow them to try out a bunch of formations."

HORRELL DID IT

"Horrell won the game for the Bears. At the end of the first half the score was 7 to 6 in Santa Clara's favor. The Bears elected to receive the kick-off, which wasn't any too good judgment with Horrell booting the ball clear over the goal posts. Santa Clara was given the leather on the 20-yard line, following Babe's boot, and three line backs failed to gain any appreciable yardage. A punt was called for.

Horrell, who plays center, waited until the signal had been called, then jumped out of his position and took his place to the right of the line, between tackle and end. As a result the Santa Clara left halfback had three men rushing him when the ball was snapped. He failed to get Horrell out of the play and the big center crashed through and blocked the kick.

McKee of Santa Clara was quick enough to wonder the ball, but when he was forced to punt again the ball went only to the 30-yard line, and in a few plays light Brown and Stanford had smashed their way to the 4-yard line, the former crashing over for the winning score. It was a great piece of work on Horrell's part.

Nixon was much impressed with Dixon's work, discounting his fumbles, one of which gave Santa Clara their touchdown, and asserting that the California half will be the Bears' big ground gainer this year. Smith tried no passes against the Bears, being content to win or lose on the few plays he was giving them.

Smith is a thing of no concern, thus allowing them to use any man, but also on account of their attention to fundamentals. They tackled well and have a few weeks' edge

Tough on Turf

—And perhaps not so soothing on the dome. The athlete pictured in the inverted pose below is a Columbia end, who was tripped by a tackler and went literally head over heels. He made a touchdown, however. [Wide World Photo]

DARO IS ANNOYED AT LEWIS

Champ Wrestler Refuses to Meet Mondt in Finish Bout for Title

BY A. P. NIGHT WIRE

"Strangler Ed Lewis is through as far as I am concerned," said Lou Daro yesterday. "He is the heavyweight wrestling champion of the world and refuses to defend his title in a finish match with Toots Mondt. Unless Lewis and his manager, Billy Sandow, agree to meet Mondt in a finish bout for the championship, I am through as far as I am concerned. I'd rather quit promoting wrestling matches in Los Angeles than continue to put on two-hour time limit bouts when he should be meeting a man who has shown himself worthy of a chance at the championship."

With these brave words Mr. Daro snuffed blithely at Mr. (Continued on Page 2, Column 2)

FORT WORTH LEADS IN DIXIE SERIES

(BY A. P. NIGHT WIRE) FORT WORTH, Sept. 29.—Fort Worth today won the sixth game of the Dixie series from Memphis in a hard-hitting game, 14 to 8. This is the third straight game the winners of the Texas League have taken from the Southern Association champions, who have two games to their credit. The first game resulted in a tie. The teams will resume the series Wednesday at Memphis.

Hornsby Hangs Up Pair of New Batting Marks

(BY A. P. NIGHT WIRE) ST. LOUIS, Sept. 29.—Rogers Hornsby, Cardinal second baseman, today took a place beside the greatest hitters in baseball history.

In the season closed here yesterday Hornsby established two new records, one in batting average and the other in leading his league for the fifth consecutive season.

Hornsby finished with a total of 227 hits in 142 games, making a season's average of .4283, four points above George Sisler's mark of two years ago. Sisler had an approximate .420 average, which tied Ty Cobb's record set in 1911, the high water mark of modern baseball.

The previous consecutive year batting record was held by Honus Wagner, who led his league four successive years.

Season Opens Tomorrow for Turkey, Deer

(EXCLUSIVE DISPATCH) PHOENIX, Sept. 29.—Sportsmen are beginning to scatter into the mountains, to be in readiness for the opening of the deer and turkey season Wednesday morning.

This year they will be circumscribed by conditions of drought and more stringent forest reserve regulations. They will not be allowed at all on the Tonto mesa, which includes all of Tonto Basin, south of the McDowell Rim and east of the Apache reservation, with inclusion of Pleasant Valley and the Sierra Ancha, Superstition and Mescal mountains and the region generally east of the Verde River.

The hunting of food animals has been prohibited on the White Mountain Apache reservation, where deer are notably numerous, but permits will be given to predatory animals' hunters who may be properly equipped. The Crook National Forest, which lies southeast of the Tonto, will be open to hunters if a forest fire be started.

Hunters have been warned not to clean game in water holes or at cattle watering places.

The duck season opens October 1 and runs till the end of January. The best shooting usually is along the rivers in the central and southern parts of the State. Special opportunity is provided members of the Repreito Shooting Association, which own rights on a lake near Florence. Wild rice has been planted in the shallows and blinds have been provided, while the association now is making improvements on its clubhouse and boat dock.

CULLEN TO BATTLE McCREER THURSDAY

(BY A. P. NIGHT WIRE) JIM Cullen, newly appointed matchmaker of the Pasadena Armory Athletic Club, has lined up an attractive fight for Thursday night for his opening show. Jack McGreer, 125 pounds, City giant heavyweight, will face Young Ford, Central avenue colored favorite, in the main event. They have fought in previous engagements, each winning a popular decision.

Jack Russo, New Orleans lightweight slugger, will mix it with Chris George, Greek favorite in the semifinal.

Other bouts are scheduled as follows: Young Lanche vs. Marcel Denis, 125 pounds; Mike White vs. Kid McDowell, 124 pounds; Joe Russell vs. Bert Gonzales, catchweights, and Young Bud Ridley vs. Kid McAdams, 126 pounds, in the curtain-raiser. Johnny Schiff will referee all bouts.

AMERICAN RIFLEMEN DEFEAT BRITISHERS

(BY A. P. NIGHT WIRE) CAMP PERRY (O.), Sept. 29.—The United States small-bore international team today won the Dewar trophy in the National Rifle Association shoot here with a total of 7715 out of a possible 8000, beating the British score, given as 7713, made on the British range, August 19. The American score is said to be a new world's record over the score of 7738 for last year.

In today's shooting Sgt. O. M. Schriver, Washington, D. C., United States Marine Corps, was high man with a total of 397 out of a possible 400, one point better than his world's record, established last week.

CAPITAL GIVES WAY TO ENTHUSIASTIC OUTBURST

Senators' 4-to-2 Victory Over Red Sox Greeted With Tremendous Cheers by Washingtonians

(BY A. P. NIGHT WIRE) WASHINGTON, Sept. 29.—Debonair Washington celebrated tonight in Main-street fashion its first American League pennant. A driving rain could not drown out the enthusiasm.

Water-soaked street urchins were no more excited than dignified governmental officials. The afternoon found the usual crowds in front of the half-dozen scoreboards. Muffled in raincoats or from under umbrellas the Washington fans, thousands of them, forgot the wet and rooted like college boys.

PENNANT DOPE AT A GLANCE

(BY A. P. NIGHT WIRE) NEW YORK, Sept. 29.—The New York Giants today closed the National League campaign with a margin of a game and a half over the Brooklyn Robins. The four-time champions were to have finished the season with Philadelphia but rain forced cancellation of the game. Pittsburgh won the only other game of the closing day from Chicago.

The standing of the American League leaders, each of which have games scheduled tomorrow, the closing day, follows:

	W.	L.	P.
Washington	21	11	.658
New York	20	12	.625

LOCAL SOUTHPAW BACK HOME SEEKING FIGHTS

Kid Chilli, sleep-fighting 115-pound local southpaw, is in the city again seeking bouts. Chilli recently returned from Taft, where he all but beat the pants off Sammy Gordon before the latter fought him and gave him the fight.

Chilli, who has been going great lately, ought to be in line for some bouts around the local arenas. His recent starts show wins over Frankie Grandella, and Johnny Leon, to whom he gave a trip to poppy land, and Sammy Gordon.

HOPPE TO VIE WITH ERIC HAGENLACHER

(EXCLUSIVE DISPATCH) NEW YORK, Sept. 28.—Willie Hoppe, world's billiard champion, and Ernie Hagenlacher, champion of Germany, have been matched to play 200 points in three-cushion billiards in four blocks of fifty points each.

(Continued on Page 2, Column 3)

HANDBALL TEAMS TO MIX AT SANTA MONICA

(EXCLUSIVE DISPATCH) ALHAMBRA, Sept. 29.—The Alhambra Athletic Club handball team will hook up with the Santa Monica A.C. on the latter's courts tomorrow night. "Brokers" Smith and "Lefty" Snyder of the local contingent have won a majority of their games this summer and are prepared for a hard tussle.

The A.C. members will go in a body to Santa Monica tomorrow night and will have dinner at the Santa Monica Athletic Club. A program of athletics and other entertainment will be provided by the beach city organization.

UMPIRES SELECTED FOR WORLD SERIES

(BY A. P. NIGHT WIRE) CHICAGO, Sept. 29.—President Dan Johnson of the American League, tonight selected Tom Connolly and William Dineen as the American League's umpires in the world's series starting in Washington next Saturday. Connolly, a veteran of twenty-four years' service, has officiated in six world series.

OBSERVATIONS

BY THE INNOCENT BYSTANDER BILL HENRY

By supper time next Saturday the annual football argument will be based fairly well on fact. So far it has been as hot as usual, but has consisted almost entirely upon opinions of little or no value.

With practically every team in the country swinging into action this week there ought to be a lot of valuable information upon which to base opinions. Some of the teams, particularly in California, did enough last Saturday to give an idea of their ability, while others almost entirely upon opinions of little or no value.

The U.S.C. Trojans are by this time firmly entrenched as favorites for the Pacific Coast Conference title. Of course Gus Henderson and the boys who broadcast Trojan propaganda are anxious that the public shouldn't get too enthusiastic at this stage of the game for two reasons. In the first place it tends to make the team overconfident, and in the second place it makes it tough for the coach. If his team wins everybody says I told you so, and if it doesn't he's regarded as a tramp. But then that's why they pay the coach so much money. It's nobody's funeral but Henderson's, and he ought to have enough out of what they pay him to get a decent funeral providing he doesn't win. From the looks of his team it looks as though the coach might be able to keep their hands off Gus for some time to come.

This Saturday U.S.C. will play the Pomona Sageshens. This aggregation from the almost entirely upon opinions of little or no value. Coach Nixon is blessed with a veteran eleven and good reserves. His teams are always well coached. They will give the Sageshens under the Trojan a better test than Caltech did last week. Of course the Sageshens under sheer weight of numbers by having in a fresh team every quarter. But if the Sageshens are able to hold the Trojans fairly well the first half Henderson will dare rush in a flock of subs.

Pomona will be considerably outwitted. The Trojans will have it on them some fifteen or twenty pounds per man in the line, where weight counts. However, the Sageshens

LOUISIANA FIGHT ON LA FOLLETTE

State Secretary Cited in Ban on Electors' Names

Holds Signers Must be Free of Affiliation

College Deplorable Condition Revealed in States

(BY A. P. MORT WIRE)

BATON ROUGE (La.) Sept. 29.—The State of Louisiana today issued an alternative writ of mandamus against Secretary of State J. F. Bailey on application of J. P. Pennington, head of the La Follette organization in Louisiana, directing the secretary to certify the names of the La Follette electors to the general election in November.

Secretary of State Bailey today refused to permit the names of the La Follette electors to go on the official ballot, having his action upon the law which requires petitioners relating to independent candidates should be signed by voters who have declared themselves independent of affiliation with any party when they registered. The petition, presented today by the La Follette leaders, bore the signatures of hundreds who registered as Democrats or Republicans. The Registrar of Voters refused to certify the signatures on the petition and the La Follette workers carried out their announced intention of presenting the petition to the State of Louisiana today.

COOLIDGE STAND

(BY A. P. MORT WIRE)

NEW ORLEANS, Sept. 29.—The La Follette headquarters for Louisiana here gave out today the text of a telegram from President Coolidge with reference to the situation in this State regarding La Follette electors when it was brought to him from the State of Louisiana in the election in November.

La Follette said he received today, "Replying to your telegram, it is my desire that full and free opportunity be afforded under the laws of our country for an expression of the popular will in the election of all public officials."

"I am heartily in favor of any government, I believe there is a contest, is made in a way which is open to participation of all the people it should be in determining what candidate is to be presented at a general election."

"Nevertheless, I realize that it is the privilege of our voters to suppose they wish at the polls that the laws should not be used for the purpose of preventing such action. I would not rule not only to your country but to the United States of the United States."

"CALVIN COOLIDGE."

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudien en lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cercana se halla a territorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan se dan cuenta de este hecho nuestros habitantes, que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrarán español correcto y enteramente moderno.

NOTAS TELEGRAFICAS

Alarma en Nueva York por la Suerte de un Yachtman de Los Angeles

NEW YORK, Septiembre 29.—Hoy había aquí fundados temores por la suerte de C. E. Somerville, rico yachtman de Los Angeles, y de tres compañeros por lo menos, que venían en su compañía, y que con él se hicieron a la mar en un yate de lujo, el "Sedra", el 4 de Agosto, próximo pasado, en un yate auxilio de vapor, de ochenta y cinco pies, que debía haber llegado a Nueva York o a Boston el 14 del actual, a más tardar; pero del que nada se ha sabido desde el día en que zarpo.

El señor Somerville era socio del Club de Yates de Indian Harbor, cuyos directores esperaban dar la bienvenida al yachtman de Los Angeles, cuando llegara en su nueva embarcación, que lleva el nombre de "Sedra", tiene dos motores Diesel, y tremola pabellón americano.

Fue construido el citado yate en Hull, Inglaterra, y botado el 4 de Agosto. Tomó la ruta del sur para ir a los Estados Unidos. Hoy suplicaron los directores del Club de Yates de Indian Harbor a los del Club de Yates de Nueva York que trataran de obtener noticias de Somerville, pero han resultado ya que las gestiones hechas en ese sentido, Frank Brown Jones, corredor de yates que tiene su despacho en Broadway número 25, y su amigo íntimo de Somerville, declaró que mucho teme la haya ocurrido un desagüso a la nueva embarcación.

La Revuelta Rusa Gana Terreno

TREBIZONDA, Septiembre 29.—Sigue más encarnizada que antes la revolución contra el poder en el Cáucaso septentrional. Parece que los campesinos y los soviets están aliados en una lucha a muerte tras el velo impenetrable que estos últimos han corrido por todo el Cáucaso, y es probable que hasta el gobierno de Moscú pella, dada la hambre amenazante en la región del Volga.

Los soviets, ayudados por tropas mercenarias rojas, han comenzado a apoderarse de toda la semilla nueva del Cáucaso, con el fin de exportarla. Y ante tal amenaza se han levantado en unánime revuelta todos los campesinos, desde los de las montañas septentrionales de Georgia, donde los patriotas georgianos están resistiendo hasta lo último en la lucha por su independencia contra las masas de tropas rojas americanas, chinas, letonas y lituanas, hasta los de la provincia del Don, atravesando por las repúblicas septentrionales del Cáucaso, el país de Kuban y el gobierno de Stavropol. Los labradores revolucionarios están cortando ferrocarriles, matando a co-

NOTAS LOCALES

Sube a Ciento Dos Grados el Termómetro en Los Angeles

Ha sido caro el precio que pagó ayer Los Angeles por el día más caliente que hemos tenido desde hace dos años, pues le costó la vida de uno de sus habitantes, varios colapsos debidos al calor, más de veinte incendios de monte, y un incendio en el puerto de Los Angeles.

Ayer tarde, a primera hora, falleció en la Casa de Socorro, W. J. Baker, de 55 años, y lechero de Arlington. Los cirujanos de la policía dictaminaron que Baker había muerto de trastorno cardíaco provocado por el excesivo calor. Murió el pobre lechero justamente cuando el termómetro alcanzaba la temperatura máxima del día, que fue de 102 grados.

En el curso de la mañana, y sobretodo hacia el mediodía, hubo llamas en la Casa de Socorro, ardiendo ambulancias para transportar gente atacada de insolación. Según informes recibidos por teléfono, varias mujeres habían caído en la vía pública, desmayadas de calor. Ninguna de ellas, sin embargo, fue llevada a la Casa de Socorro, pues todas recibieron auxilios en droguerías cercanas, y fueron luego trasladadas a sus domicilios en automóviles particulares.

Los funcionarios del departamento de incendios dieron parte a la policía, ayer a última hora, de que habían sido llamados para extinguir como veinte ligeros incendios de monte en los diversos barrios de las góndolas de la ciudad. La mayor parte de dichos incendios, según manifestaron esos funcionarios, fueron causados por la combustión espontánea del césped, que está ya tan seco como la yasca. No hubo graves daños que lamentar.

DEPORTES

Nuestros Angeles, que tienen asegurado el cuarto lugar, y algunas probabilidades de atrapar al pendón, han trabajado muy bien desde hace dos meses. Si los pronosticos de la Liga de la Costa se basaran en los partidos jugados desde el primero de Agosto, los abuelos irían a la cabeza de la Liga, con Oakland en segundo término, y las Focas en cuarto lugar.

Dícese que este notable cambio se ha debido en buena parte a Bummer Grimes, que ocupa la primera base, y al "catcher" Ed Spencer. También ha servido de mucho la labor del tirador Charley Root.

Obregon Signs Decree Hailing Calles Winner

(BY CABLE—EXCLUSIVE DISPATCH)

MEXICO CITY, Sept. 29.—President Obregon has signed the Congressional decree officially declaring Calles President-elect.

Official notification to the populace of this action will take place during the course of the week in the form of posters quoting the decree, which will be posted in prominent places throughout the republic.

REDLANDS NIMRODS BRING BACK TROPHIES

(EXCLUSIVE DISPATCH)

REDLANDS, Sept. 29.—Six intrepid nimrods of Redlands, who have been hunting and fishing the Pacific Coast, from British Columbia to San Diego for several weeks, arrived home today. They brought back with them caribou heads and other trophies of the chase. Those in the party were H. O. Smith, Walter Weaver, Bert Farr, A. E. Harvey, Carl D. Rolfe and Harvey Phillips.

Indian summer. Heat and dust abate. Cool and wondrous smooth ahead. Go the Yale or Harvard way.—[Advertisement.]

Los Angeles Times.

IRISH BILL IS TO BE ADOPTED

British Parliament Opens Brief Session Today

Boundary Line for Island to be Only Business

Quick Action, With Little Debate, is Expected

(BY CABLE AND ASSOCIATED PRESS)

LONDON, Sept. 29.—Parliament will reassemble tomorrow for an emergency session which will be brief and probably uneventful. Its sole business is to adopt a bill providing for the settlement of the Irish boundary question. The Anglo-Irish Treaty provides for a boundary commission to delimit the territory between Northern and Southern Ireland and the present bill is along these lines.

When the Colonial Secretary, J. H. Thomas, introduced this measure at the close of the last Parliamentary session, the hope was entertained that some agreement might be reached with Ulster in the interval which would render the bill needless. This hope has not been realized; the Ulster government remains obdurate on the boundary question. Hence, this special session was called to adopt the bill, which probably will pass all stages in the House of Commons unamended by next Friday.

The situation is covered by the fact that the Ulster party has no desire to precipitate any appeal to the country on the Irish question. The official leaders of the party, therefore, will not move the rejection of the bill. That being the attitude of the responsible Unionist leaders, it is not considered likely that the House of Lords will take upon itself either to reject or even amend the bill, although as a body the Lords have strong sympathy with the Ulster cause.

The Ulster leaders will meet the Ulster Premier, Sir James Craig, in conference in London tomorrow morning when they will decide whether to move rejection of the bill.

NO SIGNS OF DISCONTENT IN POLITICS

David Lawrence Declares Symptoms Absent of Shift in Administration

All the characteristic signs of an impending change in administration, that prevail when a majority of the country's voters are discontented, are absent in the present presidential campaign, according to David Lawrence, Washington newspaper correspondent and political writer, who now is in Los Angeles.

Mr. Lawrence, who is at the Alhambra, arrived here after an extensive tour of the Western States for the purpose of studying the political situation. While he made no attempt to predict the probable outcome of the election, he stated that so far as he had been able to observe in the West, the prevailing sentiment seems to favor the present administration.

"It is true that in some States the political sentiment is somewhat uncertain, but this uncertainty, I believe, is not sufficiently pronounced to have any bearing on the final conclusion," said Mr. Lawrence.

"It has been my experience, based on several years of observation, that when the voters demand a change in the administration, long before the election, there was no doubt in the campaign of 1920 that the people were discontented with Democratic rule and wanted a change. Again, in 1912 there was discontent on account of the high cost of living, for which they blamed the tariff administration, and the result was a Democratic victory.

"During the present campaign, however, there is no pronounced economic distress nor any other issue which has caused a widespread cry for change in the government. The recent rise in prices of agricultural products has brought relief to the farmers, who were the only industrial class with a grievance of any proportions up to the time of the advance.

"My observations on this tour have led me to the conclusion that the majority of the electorate as already has made up its mind to let the situation remain as it is. I believe, further, that during the brief period intervening between now and election there will be no change in sentiment. There will be a good deal of campaign thunder, but it will not affect the final result, in my opinion."

Alien Seamen in Coastwise Lines Held in Bay City

(BY A. P. MORT WIRE)

SAN FRANCISCO, Sept. 29.—Forty-five alien seamen found employed in vessels engaged in coastwise traffic on the Pacific Coast have been arrested and are held at Angel Island here by the immigration authorities. It became known today when a suit was instituted by one of their number to test their status.

The contention of the immigration officials is that employment in coastwise steamer traffic is the same as employment in the United States and that to engage in it, an alien must have been first admitted legally to the United States.

PRACTICAL RECIPES

Helps for Epicures and All Who Appreciate Good Cooking

GREEN TOMATO CHUTNEY
M. R. San Gabriel, asks for recipes for green tomato and apple chutneys. She wants to know if she can use lemon juice in making them.

In using lemon juice in making the chutneys, use parts lemon juice and one part water. For the green tomato chutney slice ten pounds of green tomatoes, place in layers in a crock and sprinkle each layer with salt. Place in a preserving pan six cups of strained lemon juice and two cups of water. Bring to a boil and simmer forty minutes, stirring often. Bottle and seal while hot.

APPLE CHUTNEY
Peel, core and chop twenty apples, place in a preserving kettle and add them four seeds and chopped green peppers, six peeled and chopped onions, two cups of seeded raisins, two cups of brown sugar, two cups of mustard seed, one and a half cups of strained lemon juice, and a half a cup of water. Bring slowly to a boil and simmer forty minutes, stirring often. Bottle and seal while hot.

SPICED FIGS
I. McK. R. Santa Barbara, wants the recipe published last year for spiced figs.

Place in a preserving kettle two cups of vinegar, add five cups of brown sugar, mix well and boil until thick; add eight crushed sticks of cinnamon, two tablespoons of whole cloves, two tablespoons of ground allspice, two tablespoons of ground mace, and about eight pounds of firm, ripe figs. Bring slowly to a boil and boil one and a half hours, or until the figs are clear. Skim out the figs, pack in jars, bring syrup to a boil and fill the jars with it to overflowing. Seal and store.

AUSTRALIAN PICKLED FIGS
In Australia they pickle figs just before they ripen and they are very nice. To prepare, mix two quarts of cider vinegar with one cup of sugar, three tablespoons of salt, one ounce of crushed whole ginger, one teaspoonful of whole pepper corns, and half a cup of molasses. Mix well, pour over four pounds of slightly green figs and let stand three days. Drain off the liquid, bring to a boil and boil three minutes. Pack in the figs, cover with the boiling liquid, seal and store.

CRAB, ST. LAWRENCE
For the crab St. Lawrence chop two cups of boned crab meat, add one cup of chicken or other white stock, one tablespoonful of lemon juice, a seasoning of salt and paprika, and one tablespoonful of ground cheese. Mix well, cook ten minutes, pour into an earthenware or glass baking dish, sprinkle with cheese and brown in the oven. Mix in a saucepan two cups of boned, cooked crab meat, three-quarters of a cup of bread crumbs, a cup of tomato sauce, juice and rind of half a lemon, one teaspoonful of finely chopped parsley, a seasoning of salt and paprika, and two tablespoons of orange juice. Stir well, heat and serve in a border of potato chips or toast points.

CRAB AND TOMATOES
Add one-half a teaspoonful of soda to three cups of water, drain and cut in small dice. Place in a bowl and add one seeded green pepper; boil five minutes.

CHICKEN IN SHELL
Place a disjointed young chicken in a pot, add four cups of water, one sliced onion, one bay leaf, two whole cloves, one blade of mace and six pepper corns. Simmer one hour, remove from the fire and let stand until cold. Drain and strain the stock. Remove the bones and skin from the chicken and cut in small dice. Place in a double boiler one tablespoonful of butter and one tablespoonful of flour and blend well, add one cup of cream and stir and cook until thick and smooth; add one can of drained French mushroom pieces and stems, two tablespoons of chopped ripe olives, a dash of white pepper and the diced chicken. Heat well, stir in the beaten yolks of two eggs and cook without boiling for two minutes. Serve in cockle shells.

SPANISH CHICKEN PIE
Cut a chicken and boil with a kitchen bouquet until tender, remove the meat from the bones and fry a slice brown in two tablespoons of chicken fat with two sliced onions, two chopped green peppers and one and a half tablespoons of flour. Heat three cups of stewed tomatoes with two dozen ripe olives and one chopped clove of garlic. Grate the pulp from seven large ears of corn and place in a baking dish, season with salt, add chicken and tomato mixture. Mix well and bake a nice brown. Serve from the baking dish.

CHICKEN LEON D'ORO
Cut a spring chicken into eight pieces. Heat four tablespoons of

CHEF WYMAN'S Suggestions For TOMORROW'S MENU

Breakfast: Apples Baked with Raisins, Ham Omelet, Jam, Coffee

Luncheon: Radishes, Stuffed Pork Tenderloin, Orange and Nut Salad, Poppy Seed Rolls, Date Torte

Dinner: Fruit Cocktail, Baked Rack of Lamb, Mint Jelly, Green Peas, Browned Potatoes, Hearts of Lettuce, Thousand Island Dressing, Grape Meringue Tart

Milk

BAKED APPLES WITH RAISINS
Remove the skin from six even-sized apples half way between the stem and blossom ends and core. Mix six tablespoons of light brown sugar with one-quarter of a teaspoonful of cinnamon and two-thirds of a cup of seedless raisins. Place the apples in a baking dish, fill the core holes with the sugar and raisins, add water to the baking dish to a depth of two-quarters of an inch and bake forty minutes in a moderate oven. Serve hot or cold, with or without cream.

PORK TENDERLOIN
Have the butcher flatten out six small pork tenderloins. Mix one and a half tablespoons of finely chopped onions with a half teaspoonful of salt, two cups of fine bread crumbs, four tablespoons of melted butter, two cups of finely chopped parsley, one-third of a teaspoonful of paprika, half a teaspoonful of Worcestershire sauce and three tablespoons of water. Spread this mixture over the flattened pork tenderloins, roll up, tie with a piece of cotton string, place in a baking pan that has been well buttered, add one inch of water, cover pan tight and bake in a moderate oven for one hour.

CHICKEN AND HAM SALAD
Mix one and a half cups of cooked, diced chicken with one cup of diced, sliced lean ham, one cup of diced celery, one

cup of olive oil in a frying pan, add the chicken, season with salt and pepper and cook until nicely browned on all sides. Add one finely chopped green pepper and cook until the pepper is soft. Add one finely chopped clove of garlic and one teaspoonful of powdered sage, mix well, add four tablespoons of orange juice, one cup of tomato sauce and one can of drained French mushrooms. Simmer ten minutes, add one cup of butter and turn out on a hot plate.

THOUSAND ISLAND DRESSING
Place in a cold bowl that has been rubbed with a clove of crushed garlic one chopped pint of chopped ripe olives, one chopped hard-boiled egg, two cups of tarragon vinegar, one teaspoonful of chopped chives, one cup of thick mayonnaise and a seasoning of salt and paprika. Mix well and serve with green salads.

Dinner: Waiter, what kind of meat is this?
Waiter: Spring lamb, sir.
"I thought so! I've been chewing on one of the springs for an hour!"—[London Answers.

ERECTING HOME BARRED BY LAW

Immigration Act Keeps Girl Out of Country

Unable to Improve Property Owned at Visalia

Alpaugh to Pay Highest Tax in San Joaquin

(EXCLUSIVE DISPATCH)

VISALIA, Sept. 29.—Miss Mill-cent A. Day, of Toronto, Can., owns extensive property here upon which she wishes to erect a home. Immigration laws of the United States prevent Miss Day's coming here, as Britain's quota from Scotland, her native land, is completed. She has enlisted aid of the Tulare County Board of Trade, which is endeavoring to secure permission for her to enter the United States on an extended visit, making application for permanent admission later. Miss Day's local property was purchased through a cousin.

PAYS HIGHEST TAX
ALPAUGH, Sept. 29.—Alpaugh, almost in the southwestern corner of Tulare county and center of the richest cotton area in the San Joaquin Valley, will pay the highest tax rate of any Tulare county district for 1924-25. Residents of this section will have to stand a rate of \$11.82 on the \$100 valuation. This rate is exceedingly high because of a rate of \$8.26 on the \$100 assessed this year upon the water district known as Tulare for the season and is expected to

RELEASED FROM JAIL
PORTERVILLE, Sept. 29.—Cleo Blacklock of Porterville has been released from the Tulare County Jail, two months before expiration of the one-year term pronounced by the Federal Court in Fresno following his confession to being a member of a gang of counterfeiters operating in the State a year ago. The two months' time was granted for good behavior, while payment of a fine of \$100 saved him another month in jail. Young Blacklock is son of a retired minister and a member of a well-known family.

TRYING TO MAKE SQUAD
EXETER, Sept. 29.—Marshall ("Jack") Dungan, son of Mr. and Mrs. J. P. Dungan of this city, has entered Stanford University for the season and is expected to

County Water District No. 1. To this the Tulare county rate of \$2.65 and an Alpaugh school rate of 27 cents is added, making a total of \$11.82.

Eleven Tulare county school districts will have no special school tax this year. They are Coho, Hot Springs, Kennedy Meadows, La-Motte, Miles, Mt. View, Oak Flat, Quincy, Springville, Thermal and White River.

MISTAKEN FOR DEER
CAMP NELSON, Sept. 29.—Frank Baird of Mito district was unfortunate enough to be mistaken for a deer while on a hunt in the Mt. Moses country, being struck in the knee by a man named Root. Baird had to be carried seven miles on an improvised stretcher to Camp Nelson, Dr. S. A. Barber of Porterville motored here and then went over trail four miles to give the injured man attention. Baird now lies at a hospital in Porterville with a shattered knee bone. His recovery is expected unless infection sets in. This is the first accidental shooting reported this deer season from this section of the mountains.

make the variety team. Baird has been captain of the Tulare county eleven for the past two years. His friends are anxious to see "Pop" Warner with him on the grid work.

MRS. PHILLIPS of Porterville, who has been captain of the Tulare county eleven for the past two years. His friends are anxious to see "Pop" Warner with him on the grid work.

W. B. Phillips of Porterville, who has been captain of the Tulare county eleven for the past two years. His friends are anxious to see "Pop" Warner with him on the grid work.

BOWER NAMED (ST. CARMEL AND LONDON, Sept. 29.)—Louis Bower, Mayor of London.

MOVIE STAR IN TALK ON THRIFT
Ruth Roland Tells Bankers About Los Angeles Plan
Patriotic Duty to Teach the Children to Save
Clearinghouse Conference at A.B.A. Convention
(EXCLUSIVE DISPATCH)
CHICAGO, Sept. 29.—Delegates to the savings bank division, American Bankers' Association, were advised today by Ruth Roland, motion-picture star, to cultivate the friendship of boys and girls as a practical method of promoting thrift. She described some of her own experiences in Los Angeles, where she is actively engaged in promoting the savings of 15 years old children under the name of her collective credit, \$500,000. All this accomplished represents but two years of educational work, she said.
"If parents neglect to train their children to save," said Miss Roland, "then I believe it is the patriotic duty of our banks and schools to furnish the proper training. Every banker and every teacher will contribute something to the teaching and practice of thrift on the part of our boys and girls, America will continue to be a nation of happy people."
PICTURE SHOWS
During the session the members of the savings bank division were shown a seven-reel motion picture entitled, "Dollar Down," in which Miss Roland played the leading role.
The amount of responsibility a clearinghouse should assume and the amount of information he should give to the clearinghouse committee, constitute the rock upon which most clearinghouses split. Charles H. Meyer, chief examiner, Chicago Clearinghouse Association, said at a conference of examiners and managers held under the auspices of the clearinghouse section of the American Bankers' Association, at the Hotel Congress here this afternoon.
SUCCESS OR FAILURE
"The success or failure of a department of examination," said Mr. Meyer, can be traced to the policy adopted in connection with the latitude given the examiner as regards this part of his responsibility.

BOND QUOTATIONS
Declining Trend
(BY A. P. NIGHT WIRE)
NEW YORK, Sept. 29.—Shifting of money rates turned bond prices reactionary today. After an early period of firmness, the market for foreign and domestic issues established new 1924 high prices, the market yielded to offerings induced by the scarcity of time funds in the savings bank market.
Liberty bonds, as usual, were the first to react to the tightening of money rates. Although the situation was believed to be only temporary, due to the shifting of funds to most monthly payments, it checked institutional buying of government obligations. With the absorption capacity of the market thus limited prices advanced in a variety of other issues, including Seaboard, U.S. Northern Pacific and Pere Marquette. Profit taking caused a recession of 3 and 5 points in the Brooklyn Union Gas issues.
Offering of a \$20,000,000 loan for the Paris, Lyons and Mediterranean Railroad, the largest system in France, will be made by bankers tomorrow. Priced at 93 1/2, the loan will yield 7 1/2 percent to maturity in September 15, 1928. Proceeds of the sale will be used to retire floating debt of the railroad and to improve its equipment and to pay for improvements.
Following are yesterday's high, low and closing prices of bonds on the New York market:

SLAYER SHOTS PREY IN CHURCH

Congregation Put in Panic as Five Shots Are Fired

Two Others Wounded When Man Fights Captors

Motive Said to be Old Feud Over Business Deal

(Continued from First Page)

At the police hospital by Police Surgeon Chase.

The body of the dead man, who enjoyed the respect and good will of the Glendale Boulevard Jewish community, was removed from the synagogue to the W. C. Draper Mortuary at 1427 South Main street. He is survived by a sister, Mrs. Clara Reuski, 2290 Baxter street; two brothers, David Denny of the Los Angeles Packing Company, and Joe Denny of St. Louis, in addition to a number of nephews and nieces.

For a time following the tragedy feeling ran high in the neighborhood and it is believed that the slayer would have met his death at the hands of the outraged members of the congregation had he not been promptly taken into custody and removed to police headquarters.

VICTIM NOT WARNED

It is doubtful that Denny knew before he died what occurred. He was seated with head bent reading a prayer book when the first and probably fatal shot was fired into his back. A second shot took effect in his neck, a third in the right breast, a fourth plowed a furrow in his right shoulder, lodging in the flesh and the fifth in his side.

"Despite the threats made by Denny against my uncle, Harry Denny, and other members of the family, the unprovoked and unwarranted slaying came as a complete surprise," declared Joseph Reuski, a nephew of the slain man. "Denny imagined he had a grievance against Harry Denny but the basis of it was so flimsy that we regarded him more in the light of a nuisance than as a menace."

Seven or eight months ago Denny took an old truck which he used in collecting waste material, to my uncle's garage, at the corner of Glendale Boulevard and Baxter street for some minor repairs. Later he told my uncle that the repairs had not been properly made and that his truck was useless.

THREATS MADE

"For some time after that he made threats against my uncle and against my mother, Mrs. Clara Reuski, and my sister, Ethel Reuski. At one time, after he had frightened Ethel, he was taken to the police station by an officer and questioned. At another time complaint was lodged against him in the District Attorney's office by two women by the neighborhood whom he was charged with having annoyed."

The killing was absolutely unwarranted. Harry Denny was a peaceable, law-abiding man. He was beloved not only by the family, but also by everyone in the community who knew him.

"We shall demand of the law that the full penalty be exacted in Denny's case."

The inquest will be held at the Draper mortuary at 2 p. m. today and the funeral will be held from the synagogue in which Denny met his death, tomorrow afternoon at 3 o'clock.

MELEE MARS JULIAN TALK

(Continued from First Page)

The auditorium where he obtained his automobile without interference.

Lambert told the police that he was one in the fight with Roth and Walker. He said he went to the meeting as a spectator. He declared Roth struck him without provocation when he casually remarked that "one ought to have a ticket to get in." Lambert admitted striking Walker but denied he used knuckles.

Neither Lambert nor the other two in the altercation preferred charges at the station last night as the outcome of the affair.

ARTISTS OF CITY TO GET OPERA PART

Nine Local Singers and Chorus of Eighty Cast in Fall Productions

Fulfilling a part of its purpose, the Los Angeles Grand Opera Association has made it possible for a number of resident singers to appear with the opera artists during the first civic opera season to be presented at the Philharmonic Auditorium starting October 6. Nine local artists and a chorus of eighty are to have this opportunity.

Some of the local artists engaged for minor roles have never appeared in grand opera, while some have sung in the Hollywood Bowl performances.

Evelyn Dietz and Myrtle Bower, sopranos, were picked from the University of California. Ingrid Arnesen-Boyd, also a soprano, was soloist last summer in the Hollywood Bowl. Lucile Gibbs, coloratura soprano, appeared last spring with Anna Pavlova at the Metropolitan Opera-house in New York City. Leota Castellaw, soprano, is one of those who has never had any grand opera experience. Ruth Shaffner, soprano, made an excellent impression on her appearance in "Andrea Chenier" in San Francisco.

Among the men are Leslie Brigham, basso, and Emory Foster, baritone. Both already have been well received.

ACT TO ABOLISH CROSSING PERIL

(Continued from First Page)

county trunk highway passing through the city.

In eliminating the crossing of Los Fells Boulevard and the Southern Pacific tracks at the southern portion of the city limits of Glendale the expense will be borne proportionately to the interests involved among the Southern Pacific, Los Angeles, Los Angeles county and Glendale, the Southern Pacific tracks being the practical boundary line between the southern portion of Glendale and the northern portion of Los Angeles.

The voters will be asked to approve the bond issue so that the county may have funds ready to carry out the orders of the commission without delay.

The division of expense between the county, the railroads and such municipalities as will be affected, will be set by the commission also. The general practice is to require the railroads to pay approximately 50 per cent. The balance is usually paid by the county and the municipality in which the improvement is made, or by the county alone, if it is in "outside" territory.

The resolution adopted by the Supervisors yesterday provides for an issue of twenty-year 5% per cent bonds. It will be the only bond issue on the ballot.

ARMY OF MEN TO FIGHT FIRE

(Continued from First Page)

strip of burned territory between them and the fire.

LONG FIGHT AHEAD

At least two days will be required before this blaze can hope to be under control, County Forester Flintham declared. He said the fire is destroying some big timber and is one of the hardest to fight, due to its inaccessibility, recent months.

A seven-foot bridge path on the eastern summit of Benedict Canyon is believed to have saved Beverly Hills a disastrous conflagration from the fire which raged north of there yesterday. This narrow path, years old, which runs from Beverly Hills Hotel along the eastern summit of Benedict Canyon, across to Higgins Canyon and back to the hotel, was the dividing line where the fire was stopped.

More than 400 workers had battled helplessly to stem the advance of flames up to this point. They fought it on a circular front from Mulholland Drive to a point only a few miles from Beverly Hills, north and south, and from Franklin and Coldwater Canyons to Benedict Canyon, east and west. In the path of the flames were the mansions and estates in the exclusive northern Beverly Hills district.

PATH AIDS FIGHTERS

As the fire burned up the eastern wall of Benedict Canyon and reached the summit, it was met by a line of fighters on the bridge path. Dirt was shoveled furiously for this was the crisis. If the fire jumped the path it had free course to the thousands of acres of greasewood and scrubbrush toward Beverly Hills. But the seven-foot path was enough. The blaze was stopped.

More than 2000 acres, including some of the finest oak trees in this part of the hills, were destroyed. The devastated area is mainly in Benedict Canyon, and extends southward from the heights above Mulholland Drive, where the fire started. According to Leland P. Wheeler, one of the owners, the property belongs to Wheeler, his father, W. Wheeler, Thomas H. Ince, Joseph Schenck and Frank E. Hutton, a New York broker.

The fire fighters included about seventy-five men from Los Angeles, under the command of Assistant Chief J. W. McDowell and Battalion Chief W. A. Atwell; 150 Mexicans drafted by the fire department; 350 men from Camp 2 and 4 of the Mulholland Drive workers, who were set to guard the line along the drive, and several members of the Beverly Hills fire department, as well as men from the Wanda Park subdivision, from the Thomas H. Fairbanks estate and many other volunteers.

Food for the workers, many of

BLEDSOE TO HEAD CHEST FUND DRIVE

Ballard and Mrs. Sartori to Serve as Aides During November Effort

(Illustration by Florence Page)

United States District Judge Bledsoe will head the Los Angeles Community Chest as chairman of the campaign committee. It was announced yesterday afternoon after a meeting of the executive committee at campaign headquarters.

R. H. Ballard and Mrs. J. F. Sartori will serve as vice-chairmen.

Organization of 15,000 public employees and women into teams to carry on the fund appeal November 10 to 20 will be part of the campaign to be carried on under the direction of the campaign committee.

Money to be raised in the campaign will be used for the full maintenance expenses of the institutions that are uniting with the chest. These institutions, it is explained, will draw their allotment from the chest in regularly monthly installments.

The executive committee is composed of Judge Bledsoe, chairman; Russell H. Ballard, Mrs. Joseph F. Sartori, Andrew M. Chaffey, Malcolm Crowl, W. T. Bishop, Frederick W. Blanchard, Mrs. George H. Clark, Mrs. Albert Crutcher, George W. Dryer, Irving Hellman, Harold J. Mack, C. M. Wadley, Ben R. Myer, John G. Mott, Lee E. Phillips, Irwin H. Rice, Joseph Scott, Mrs. Charles E. Toll, R. W. Pridham and E. M. Henning.

Tomorrow will be the last day service agencies for membership in the chest will be considered. It was announced by George M. Ballard.

Rail Grade Danger Spots to Be Eliminated

IT'S TOO DARNED HOT TO FIGHT

So Sidwalk Solomon Gives San Clemente Fisherman One Sun-Baked Cod and Restaurateur the Other, Ending Argument Warmer Than the Weather

Angelo Vitalich, skipper, cook and crew of the Jig boat Gastina, warped his sturdy craft up to the Fish Harbor dock just before a blistering sun reached the zenith. Angelo stepped ashore with a sackful of beautiful rock cod, his night's catch off San Clemente Island, and started across Terminal Island to the ferry landing, bound for the Municipal Fish Market to dispose of his haul.

Half way down Ferry avenue two of the finny beauties slipped out of the sack and fell, unknown to Angelo, on the scorching concrete pavement. He discovered his loss and back over his course he hurried, perspiring with the heat and heartily cursing "da hole in da sack."

Just then he collided with "Stubby" Quiddomina, diminutive restaurateur of the Ferry Lunch. Stubby was carrying two rock cod, beautifully broiled on one side. Angelo claimed ownership but Stubby by thought otherwise. The argument was hotter than the weather when Policeman Matt Montgomery reached the scene. They explained volubly.

"Was your fish tried?" Montgomery asked Angelo. "No, da sun, she fry my fish," declared Angelo, "but deess my fish."

He made a grab for "da fish," but Stubby ducked around the protesting form of Officer Montgomery.

This impromptu Solomon took both fish, handed one to Stubby and the other to the tearful Angelo.

"Beat it, you guys," he said. "It's too darned hot to fight."

AUTOIST SUCCUMBS IN HEAT

Arlington Dairyman Dies After Exertion in Street; Spontaneous Combustion Starts Many Fires

One life, more than twenty brush fires and a dock fire at Los Angeles Harbor was the price paid yesterday by Los Angeles for the hottest day in two years.

The forecast for today is continued warm weather, fair and with low humidity.

W. J. Baker, 55 years of age, a dairyman from Arlington, died in the Receiving Hospital early yesterday afternoon. Police surgeons stated that Baker died of heart trouble brought about by heat prostration. Baker died just after the temperature reached 102 degrees, the highest mark of the day.

During the morning and around noon a few calls for ambulances were received at the Receiving Hospital for heat-prostration cases. According to the telephone information women officers by the heat had collapsed on the street. None of the heat victims was taken to the Receiving Hospital, all of them being revived in drug stores and then taken to their homes in private automobiles.

Twenty Grass Fires

Fire department officials reported to the police last yesterday afternoon that there had been called upon to extinguish about twenty small brush fires in the various outlying districts. Most of the fires, according to the investigating officials, were caused by spontaneous combustion of the tinder-dry grass. No serious damage was caused, the fire department reported.

In San Pedro a fire damaged to the extent of \$1000 a dock of the San Pedro Lumber Company. Investigation made by the fire department showed that the intense heat of the sun caused the fire by the spontaneous combustion of piles of splintered boards. The blaze was adjoining the loading terminal of the San Pedro Lumber Company and for a time threatened it.

Police Detectives Stevens and Bligh, who investigated the death of Baker, learned that with George P. Guyer, his partner, the Arlington dairyman yesterday morning came to this city from Arlington to purchase an automobile. After buying the machine the two men started home in the automobile. At Elgin and Los Angeles streets the newly purchased automobile stopped and Baker, who was driving, was unable to start the motor with the electric starter.

According to Guyer his partner was attempting to crank the automobile by hand when he fell unconscious to the pavement. He was at once rushed to the Receiving Hospital in a police ambulance. At Elgin he shortly after he was placed on a hospital cot. Attending physicians stated that Baker must have been suffering from a heat stroke. The violent exertion coupled with the intense

E. N. SHIELD, Assistant Chief Bookkeeper

About Bills

By R. R. Pearson, Chief Bookkeeper

How are my gas and electric bills made up?

The process is quite simple and accurate, resulting in very few complaints from the 400,000 bills rendered each month.

First, the addressing department stamps the consumer's name and address in three places on the blank bill forms. This is done by automatic machines, each of which has a capacity of 16,000 bills per 8-hour day.

Next, the stamped bills go to the bookkeeper for comparison with the ledgers. They are then sent to the billing room, where the billing clerks insert the meter readings as shown by the meter readers' "statement books," and also the reading dates, total gas or electricity used and the amount of the bill. The total consumption and the amount of the bill are automatically calculated by the billing machines.

The bills as thus completed are again sent to the bookkeepers, who check them with their ledger records for any possible errors before they are presented to the consumer.

It requires the services of 118 persons to make up the bills for the consumers of Los Angeles Gas and Electric Corporation.

After Every Fire

THE THOUSANDS who last week saw the disastrous fire at Sunset and Santa Monica boulevards were tremendously impressed with the behavior of brick in the presence of fire. After the fire the only walls remaining standing were the brick walls, rigid and intact amid the charred ruins of less resisting materials.

The scene of every great conflagration tells of the absolute indestructibility of brick. Fire is the supreme test—no material is really safe for any building purpose unless it can survive intense heat and prolonged flame. Brick defies fire because it is burned in the making—it has been burned once—it never can burn again.

Friday Night to Mark Debut of George Lipschultz

BY CLARE FORBES CRANE

It is not always the formalities of life which return the greatest amount of enjoyment to us. Sometimes when we turn around the corner the unexpected intrigues and the otherwise quiet day is brightened by a novel incident or a new found friend. Such was the case at K-H-J yesterday.

The Carl Allen Renshaw Orchestra disappointed us at the last moment and our sweet young program manager was desperately trying to locate a good substitute when in the door walked Madame Secrets of Memory Lane!

YOU'LL KNOW TOMORROW

Until tomorrow night she will remain a mystery to you, but as a first phrase of "Just Away" for "You" came over the air even the most hardened radio fan realized that they were listening to an unusual voice. To devotees of the psychology of color it was a "real purple" voice, opulent and warm as a sun-kissed vineyard. We feel sure that all our radio family will listen in tomorrow eve, especially as Madame Secrets is known in the East as the possessor of the greatest broadcasting voice in the world.

CELESTE NOTES DELIGHT

E. K. Barnes played the celeste and the silver notes trickled from beneath his fingers with the illusion of an Aeolian harp in a summer breeze. Some of you may have thought there was a "cello" accompaniment. It was only the rich hum of Madame Secrets as she sat on the sofa in the studio staring to the canaries.

Friday night marks the debut of a supreme artist over K-H-J and we are telling you about it so far ahead that you may not miss it. The Globe Ice Cream Company will present George Lipschultz, the American Kreidler, who is creating an unprecedented furor at Loew's Theater, both as conductor and soloist. No matter how small a thing he plays he endows it with subtlety and charm and brings one to believe that a violin is torn and not made.

SAYS TRAIN LEFT HIM IN HOT DESERT

Traveler Sues Railroads for \$25,000, Charging Act Was Improper

The adventures of a traveler in the wild and woolly West are told in a complaint filed yesterday in the United States District Court. The title of the case is S. W. Baxter versus the Union Pacific and the Salt Lake railway companies. Briefly, Mr. Baxter charges he was improperly put off the train in the desert, where it was 120 deg. in the shade.

The traveler bought a ticket here to make a trip to Denver and back. He says that the ticket was good and properly validated, but that after leaving Denver on the return trip the conductor and the auditor found him in the Pullman car and "in loud and commanding tones" questioned him about the ticket and his identification; that the conductor kept the ticket and told him he would have to pay his fare from Denver.

Mr. Baxter says he lacked sufficient cash to pay his fare again, but he offered to pay with a check, which was refused, and he then offered a note for \$500, which note, he says, the conductor kept but refused to cash. He then was put off the train at a station named Lyndal, where he was stranded, with no friends, and the thermometer at 120 in the shade. He further relates that he identified himself and managed to borrow enough to take him back to Denver, but that he never saw his note for \$500, borrowed money and got a new ticket to Los Angeles.

But before he got home, he says, he was compelled to go to the desert town of Delta for his lunch, and incidentally compelled to walk about a mile in the sun while the temperature in the shade was still 120 deg.

Damages of \$25,000 are asked.

Shipping Board Commissioner Is Due Here Today

United States Shipping Board Commissioner Meyer Lissner will arrive here today, according to a radiogram received late yesterday by C. H. Matson, manager of the trade extension department of the Chamber of Commerce.

He will be joined here on October 6 by Commissioner Bert E. Haney, and the two will maintain headquarters at the Chamber of Commerce for two days, during which all problems relating to shipping in government bottoms will be discussed.

Commissioner Lissner will attend the Chamber of Commerce luncheon at the Biltmore ballroom tomorrow noon, at which United States District Judge Bledsoe will speak on the Community Chest.

William E. Booth, former Los Angeles banker, president of the Chamber of Commerce and president of the International Chamber of Commerce, also will be present and speak.

Five Days Left to Register.

DOHENY FIGHTS LEASE WRIT

First Opposition to Government Effort at Cancelling Elk Hills Agreement Develops at Hearing

The first opposition by the Doheny oil interests to the effort of the Federal government to cancel leases obtained in the Elk Hills region developed yesterday at a hearing before Judge McCormick's department of the United States District Court here.

The hearing was on an order to show cause why a temporary injunction should not be issued restraining the Pan-American Petroleum Company from further operation and drilling of naval reserve leases Nos. 1 and 2, and why a receiver operating under direction of the court should not be appointed.

EARLIER ACTION OPPOSED

The local Federal courts already have appointed receivers to superintend the company operation of another lease—Section No. 34. In that action, however, there was no opposition from the company.

The actions are based on the government's contention that the leases were illegally obtained through Albert E. Fall while he was Secretary of the Interior.

Asst. Atty. Gen. Williams of Washington, assisted by U. S. Atty. Burke of this district, represented the government at the hearing yesterday. He made an effort to read into the record that part of Mr. Doheny's testimony before the Senate investigating committee in which the California oil man told of his lending \$100,000 to Mr. Fall. Upon objection from the company attorneys, Judge McCormick declined to admit this in the testimony, which he said was only in a preliminary case not designed to try the merits of the action for cancellation.

The present case, which was taken under submission by the courts, hinges around the point of damage to the defendant company should the order be issued. Judge McCormick early in the hearing indicated that he would issue an order restraining the company from drilling more wells unless it could be shown that such an order would cause damage to the leases by drainage of oil to other sections.

DAMAGE IS ARGUMENT

The company attorneys, Maj. Walter E. Tuller and Judge Charles Wellborn, argued that an order stopping operation or declaring a receivership would irreparably damage the company because of the nature of the oil-production business; that it also would injure the government in case the leases are cancelled.

Mr. Williams said that the point at issue is not what oil may be

KLAN FEES INCITE REVOLT

Failure to Obtain Charter and Loss of Membership Fees Revealed as Cause of Venice Rebellion

"Give us liberty and we'll give you klektokons!" This, in effect, is what the Venice Klansmen told the Atlanta officials of the hooded organization following the spectacular revolt of the Bay Cities Klan No. 1 several weeks ago, when the Venice Klan voted to overthrow the rule of G. W. Price, Imperial Representative of the order in California.

Copies of a letter sent by the Venice Klan to H. K. Ramsey, Imperial Kligrapp of the Knights of the Ku Klux Klan in Atlanta, containing the reasons for the Klan's action in quitting the parent organization, were circulated through the bay district yesterday.

Charges that the Imperial Representative and the other Klan officials here have been "hoarding the ante" on the Venice Klan in the matter of number of members required before a charter is granted, and in the meantime received the "klektokon" without granting the much-desired document, are contained in the letter to Mr. Ramsey.

REVOLT OVER DUES

A "klektokon," he it known, is the \$10 in United States money that is received from a prospective Klansman before he is initiated into the mysteries of the hood and robe. The insurgent Klansmen say that when a Klan is chartered all but \$2.50 of the "klektokon" remains in the local Klan. An unchartered Klan gets nothing but the member's dues, hence the dispute.

Recently, the rebellious Klansmen say, Southern California Klans have been adding hundreds of members to their lists and at the same time going broke. At the same time they declare, \$2.50 from each \$10 went to the propagation department of the Klan, headed here by Mr. Price.

The Venice letter to Mr. Ramsey states that the Bay Cities Klan has received many promises of a charter. Every time the Klan tried to get members reached, the

ATLANTA DEFIED

"Resolved, that henceforth this Bay Cities Klan of Venice, Cal., shall function as a chartered Klan. That \$2.50 of each klektokon shall be placed in a separate fund to be paid to the Atlanta office if they see fit to grant us a charter, but that no more money shall be paid to the office of Mr. Price of the propagation department, nor shall we continue to receive our instructions from any officer of the propagation department until the charter is delivered."

The uprising in the Venice Klan took place at the time when other Klans in Southern California took similar action. Other Klans protested about the automatic rule of the Imperial Wizard and other officers of the national Klan, and some declared their rights as citizens have been invaded by the by-laws and constitution of the order, which calls for complete submission to the rule of the Imperial officers.

Imperial Representative Price, on the other hand, stated at the time the Venice and the other Klans began to fall out of the organization that the revolt did not amount to much and that in many instances the Klansmen were misinformed and that some Klans did not want a charter.

Bullock's . . . One o'clock Saturday

Basement Store

\$48.

On Sale Wednesday (not today) in Bullock's Basement Store

200 Coats at \$48

—Ormandale, Lustricia, Bolivia, Furlaine, Flamingo, and Mokene—the season's new coatings—beautifully trimmed with Beaver, Muskrat, Natural Squirrel, Dyed Squirrel, Natural Fox, Dyed Fox, Sealine or Manchurian Wolf—and some coats have Fur bandings on arms and at hems as well as on collars.

1991

COUNTY OPENS BIDS ON DAM

Pacifica and Big Santa Anita
Sites Under Inspection

Projects Hold High Places in
Flood Control Plan

Awarding of Contracts May
Follow Next Week

The County Board of Supervisors yesterday opened bids for the construction of the Pacifica and Big Santa Anita dam projects, two of the larger jobs provided for in the county's \$15,000,000 flood control bond issue. Contracts probably will be awarded next week.

Gen. George Kestel, consulting engineer, and J. W. Reagan, chief engineer of the flood-control district, are engaged in inspection of the sites and other details connected with the projects.

PON SAN FERNANDO
The lowest bids on the Pacifica dam were: Bent Brothers, \$750,000; Atkinson, Spicer Company, \$848,945; and Thomas Kelly & Son, \$954,335. The estimate of Engineer Reagan on this job, including cost of land, etc., is \$1,750,000.

The dam will impound the drainage from thirty square miles above the San Fernando Valley and will protect the valley from floods. It will be 375 feet high, will impound 12,000 acre feet of water.

ARCADIA-MONROVIA
The three lowest bids submitted on the Big Santa Anita dam were: Bent Brothers, \$750,000; Atkinson, Spicer Company, \$848,945; and Thomas Kelly & Son, \$954,335. The estimate of Engineer Reagan on this job, including cost of land, etc., is \$1,750,000.

The dam will impound the drainage from thirty square miles above the San Fernando Valley and will protect the valley from floods. It will be 375 feet high, will impound 12,000 acre feet of water.

Slot Machine Ordinance is Before Court

The constitutionality of the city slot-machine ordinance was challenged before Division Two of the Second District Court of Appeal yesterday when arguments were opened on a writ of habeas corpus sought by M. B. Ortiz, local gun merchant.

Ortiz was arrested some time ago when he declined to procure a license to operate his penny-in-the-slot machine. His average earnings he says, are \$2 per month per machine. The city license amounts to \$1 per month per machine. This, according to the petition presented by Ortiz, is prohibitive, unreasonable and confiscatory, and, therefore, unconstitutional since the tax eats up one-third of his profits.

The hearing was ordered set over for October 6 for oral argument to give attorneys time to submit briefs.

FOURTEEN ATTORNEYS ADDED TO STATE BAR

EIGHT OUTSIDERS ADMITTED
ON MOTION, SIX ON
APPLICATION

Fourteen attorneys were admitted to the practice of law in California by Division Two of the Second District Court of Appeal yesterday. Eight from other states were admitted on motion. Six, including one woman, who successfully passed the recent State bar examination, were admitted upon application.

Those admitted on motion were: Samuel Rappaport, District of Columbia; Dana G. Gelsman, Nebraska; Frank H. Notbush, Missouri; Charles H. Moon, Iowa; Edward D. Gray, Illinois; Max Schiller, New York; John H. Brennan, Oklahoma; Albert H. Moore, Wisconsin; Can.

Those admitted upon application were: Sarah B. Dunning, Mark Chiosso, Harold W. Judson, Roy Dawson, Charles L. Nichols and Ralph V. Bagley.

FUNERAL CONDUCTED FOR C. B. SIMMONS

Funeral services for C. B. Simmons, local oil man, who died suddenly Friday night while taking a walk, were conducted at 3 p. m. yesterday at the Overholser mortuary, 1334 South Grand avenue. Burial was in Forest Lawn cemetery.

Mr. Simmons was 54 years of age and had lived here for many years. He was a native of Kenosha, Wis. He came west shortly after graduating from college and engaged in the oil industry, having organized a number of California oil concerns. He leaves a widow, living at 405 West Adams street, two daughters and a son.

LONG SEARCH REVEALS LOST WATCH'S OWNER

Detective Lieutenant Allen yesterday came one step nearer toward completion of the task he created for himself when he discovered a watch reported lost six years ago. He had determined that the watch was lost by R. G. Ferguson in 1918, but couldn't find Ferguson. Yesterday he was notified by Thomas Hunt, a friend of the watch's former owner, that the latter now is in Pecan, Tex. The detective is seeking to get in touch with Ferguson to return the watch to him.

DAMAGES AWARDED FOR AUTO COLLISION

Miss Jeanette Christine was awarded damages of \$2701 against Miss Sue Silvers yesterday by Superior Judge Thompson for injuries received when her automobile was struck by the defendant's car. The case had been continued by Judge Thompson pending the appointment of a guardian for the defendant, who is a minor.

Five Days Left to Register.

CRESCENTA DEATH LAID TO ILLNESS

Wife Identifies Remains
and Reveals Victim Was
Tuberculosis Sufferer

With the positive identification of a body found near La Crescenta Sunday as that of John Grisovich of 827 West Forty-second street, deputy sheriffs expressed the belief that death was due to natural causes. The body was identified yesterday by Mrs. Mary Grisovich, wife of the dead man, who told Deputy Sheriff Stensland, Morris and Daniels that her husband suffered from tuberculosis. It is believed that the man had wandered to the spot where the body was found and succumbed to an attack or possibly ended his own life.

Due to the fact that the body had apparently lain undisturbed for more than a month, it will be impossible to perform an autopsy. The deputies are convinced, however, that the man did not meet a violent death at the hands of others. The body was taken to L. G. Rogers undertaking rooms in Glendale, where an inquest will probably be conducted today.

'Phone Service Map to Figure in Rate Debate

John J. Dillon, telephone engineer to the City Board of Public Utilities, yesterday began work on a plan on which the State Railroad Commission will be asked to adjust new telephone rates and methods of service. The initial step toward this plan will be the completion of a detailed map of Los Angeles, Hollywood, Culver City, Beverly Hills, Montebello and South Pasadena. This is to be made to permit a study of the community of interest points of view as well as the actual interest between the separate communities that would be effected should the Railroad Commission grant any part of the application of the Southern California Telephone Company.

Thieves Fail in Three Attempts to Break Safes

Three attempted safe burglaries, in none of which the regas gained entrance to the safe, were reported to police yesterday. One was at the Blue Bird Laundry, 3400 South Western avenue, where the burglars saw better results have been. Frantically away, when E. J. Campbell, the manager, entered to get something from his office. He did not discover the burglary until morning, however.

Hospital Head Going East to Attend Parley

G. W. Olson, superintendent of the California Lutheran Hospital, leaves today for Buffalo to attend the sixth annual conference of the American Hospital Association, October 6 to 10. Hospital trustees, superintendents, nurse training-school executives, dietitians and others engaged in hospital service will make up the attendance at the conference.

WHITE FUNERAL TODAY

Services for Late Romeo Arden to be at Chapel

Funeral services for Arthur S. White, known in motion-picture circles as a scenic artist, who died suddenly Saturday afternoon, will take place today at the chapel of the Ivy Overholser mortuary. Interment will be in Rosewood cemetery. The deceased was a brother of Jack White, who for many years has been the advertising manager of the Morocco Theater. He leaves his widow and three children.

BISHOP GOES EAST

Head of Episcopal Diocese Will Attend House Meeting

Bishop Joseph H. Johnson, head of the Episcopal diocese of Los Angeles, and Dr. W. B. Stevens, coadjutor bishop, left Los Angeles yesterday for New York City to attend the meeting of the House of Bishops, to be conducted at Synod Hall on October 8. The convocation is for the purpose of electing missionary bishops to several fields in the Western States and in Mexico and to consider the missionary program of the church for the next year.

CHRISTIAN SCIENCE TALK

Announcement is made of a free lecture on Christian Science by Dr. Walton Hubbard, C.S.B., of Los Angeles, member of the board of trusteeship of the Mother Church, in Boston, Mass., to be delivered Tuesday, September 30, in Tenth Church, 926 West Forty-ninth street, at 8 p. m. The public is invited.

ACORD SUIT DEMURRER OVERRULED

Move of Picture Actor Taken to Mean Fight on Wife's Divorce Action

Indicating that Arthur W. Acord, motion-picture actor, will fight the suit for divorce brought by his wife, Edna Mae Acord, attorneys for Acord appeared before Judge Rogers in Superior Court yesterday to argue a demurrer of Acord to the suit.

Mrs. Acord instituted her divorce action last March, charging her husband with desertion, failure to provide and with associating with Louise Lorraine, an actress, she charged that a month after Acord left her Miss Lorraine also left the city. When the divorce action was filed Acord was said to be in South America and it was rumored at that time he would permit his wife to take judgment by default.

Acord demurred to his wife's suit on the ground her complaint did not state facts sufficient to constitute a cause of action, but Judge Rogers overruled the demurrer and gave the actor ten days in which to file an answer.

Acord, according to his wife, is capable of earning \$1000 a week.

Widespread interest in the movement started by Antonio Moreno to revive the international cup races which have lapsed since the war, is manifested in hundreds of inquiries and clippings received by the screen actor.

Several wealthy landholders along the Lower California and Mexican coast have submitted to Moreno tentative plans for a series of operations for the club, including harbor facilities and sufficient land for a clubhouse.

"These offers," said Moreno yesterday, "are very attractive from a viewpoint of small cash outlay, and some of them would be patrons of this majestic sport, in their anxiety to obtain the club for their particular locality, would be willing to go so far as to donate the land. But the project is too young to undertake a canvass of these offers at present. All sites will be given due consideration in due time."

DR. J. T. FISHER TO FACE MEDICAL BOARD

CONVICTION UNDER DRUG ACT BRINGS REVOCATION OF LICENSE ACTION

Dr. James T. Fisher, Los Angeles physician who was recently convicted of violating the Harrison Narcotics Act, must appear before the State Board of Medical Examiners at Sacramento, October 11, to show cause why his license should not be revoked.

Dr. Fisher was served with his citation yesterday by Albert Carter, special agent for the medical board. The physician, who is 60 years of age, pleaded guilty before Federal Judge James Augustus to a charge of illegal possession of narcotics and was fined \$1000.

Dr. Fisher is well known in Los Angeles. He was formerly an examiner for the County Lunacy Commission, and is a former member of the faculty of the University of Southern California medical school. He has offices in the Pacific Mutual Building.

VERMONT WIDENING DISCUSSION TONIGHT

The proposal to widen Vermont avenue and Ninth street will be discussed tonight at the Dover street school by members of the Vermont District Improvement Association. Property owners in the vicinity of Vermont avenue and Ninth street are expected to attend the meeting in a body.

DRIVER OF DEATH CAR HELD ON TWO COUNTS

C. W. Sandstrom, clerk for a local lumber company, was accused of manslaughter and driving an automobile while intoxicated in a complaint turned yesterday by Judge David L. Davis.

It is charged that Sandstrom's automobile struck and fatally injured William J. Wilkinson, when the latter was repairing the tail of his automobile on the 18th street. Wilkinson died at California Hospital on the 18th inst. Sandstrom is under arrest.

MORE SPACE IS URGED FOR CITY TREASURER

A committee of the Clearinghouse Association, headed by J. Dabney Day of the Citizens National Bank, yesterday urged the Finance Committee of the City Council to provide more employees and more space for the City Treasurer's office.

AID ON HIGHWAY FOR MOTORISTS

New Road Service by Auto Club Inaugurated

Provides Towing Facilities Throughout State

Plan Effected by Means of Garage Contracts

More than 100,000 motorists living in Southern California may tour the State after today secure in the knowledge that if mishap occurs immediate help will be at hand. This situation is brought about by the inauguration of the new emergency road service by the Automobile Club of Southern California, which is to be the motorists' true mechanical first aid and towing to official garages throughout Southern California, of which there are now 130 under contract.

Not only will the Auto Club members be taken care of in emergencies in their own part of the State, but through reciprocal arrangements with the California State Automobile Association, similar service will be extended throughout Central and Northern California.

The new emergency service is not to be confined with the highway patrol service placed in operation in Southern California in July, according to announcements of the club yesterday. It is a further extension of club activities, designed to remove a member whose car has become disabled or wrecked within a zone area extending ten miles from any official garage. These zones are to be established in the State, and to include all of the populated sections and the main traveled roads in the sparsely settled sections.

LONG PREPARATION
Work has been going on for two months perfecting arrangements with the various garages and is ready to begin the service tomorrow. In speaking of this development in club activities an official of the organization said:

"Primarily the purpose of this department is to get speedy relief to the member whose car is disabled on roads anywhere in the State. The new system replaces the old service which has been operating in Los Angeles since over a period of years, and was conducted by service cars operating from club headquarters in Los Angeles."

LONG TOW SERVICE
"Official garages have entered into contracts with the club whereby they will cover a radius of ten miles in answer to calls for service on the highways, and either correct mechanical or tow the disabled car to the nearest garage."

In its announcement the Auto Club states that the new department is strictly an emergency service, the idea of which is to render prompt relief to motorists in distress and remove disabled cars from the highways to service establishments. The department is not to be a permanent one, but a comprehensive system has been developed that will insure immediate relief to members who may be victims of mishaps while touring.

Council to Take Up Selection of Site for Garage

The City Council is expected to take action Thursday afternoon in selecting a site for a downtown municipal garage for the storage of police and other municipal automobiles. Councilman Mallard at yesterday's Council meeting said that the city is looking for a site of dollars a year in mileage paid for as the result of city employees being forced to use their own cars in their own garages.

Councilman Baker demanded immediate action in the selection of a municipal garage site, as the new Hall of Justice at Broadway and Temple street will be ready for occupancy in January or February. The police department garage on West First street will then have to be abandoned, as it is a part of the police headquarters, which will be moved to the Hall of Justice. Deputy City Auditor Hawk has secured prices on a number of parcels of land near the Hall of Justice building, and the Council is expected to select a site and make plans for the building or the remodeling of any building that already may exist on the site selected.

WANTED IN KANSAS
Finger prints of Youth Killed by Officer Reported

Donald McDonald, youthful desperado, shot to death last Wednesday by Patrolman Miller, was identified yesterday as the youth sought by Wichita, Kan., police in connection with a safe job in that city on March 28, last.

The identification of the slain man as the one wanted by Wichita police was made by Finger Print Expert Barlow through finger prints on file at headquarters. McDonald was shot and killed by Patrolman Miller when he failed to heed the officer's warning to halt after the latter had noticed him in the act of forcing his way into the Crouch Jewelry Company store at 234 West Ninth street.

ALIMONY CUT DENIED
Judge Refuses Reduction in "Look-Job" Plan by Husband

Charles W. Pendleton of Pasadena, one of whose principal complaints against his wife is that she took seriously the dark hints of a clairvoyant about her certain to keep on paying Mrs. Lola Pendleton \$150 a month, Judge Guerin decided, after listening to Pendleton's plea for a reduction of alimony.

Pendleton reported that he recently had lost his good job, but Judge Guerin held that his assets justified continuance of the alimony.

SOCIETY

BY JUANA NEAL LEVY
Announcement is made by Mr. and Mrs. Stanley Preston Allen of the marriage of their daughter, Miss Mary Foster Allen, to George Nathaniel Whiting, son of the late Dwight Whiting and Mrs. Gregory Perkins, Jr., of this city. The ceremony was performed at 4 o'clock yesterday afternoon in First Presbyterian Church, Twentieth and Figueroa streets, Rev. Hugh K. Walker, D.D., officiating. Mrs. Dwight Whiting assisted as matron of honor, while Dwight Whiting served his brother as best man. Only the members of the immediate families were present. The bride's family were formerly from Scranton, Pa., and her grandfather is founder of the International Correspondence Schools. Following the ceremony Mr. and Mrs. Whiting left for their honeymoon trip, which will include an extended trip abroad, where they will visit in England, France, Germany, Austria, Egypt and Italy, and their return they will make their home here.

Plan Long Trip.
Planning a most delightful trip of six or eight months, which will include Honolulu, China, Japan, the Philippines, then on to India and the Orient, crossing later into Europe and the British Isles, Mr. and Mrs. Charles Landis Wallis are sailing on the President Adams from Los Angeles, October 7. They are to be accompanied by a close friend of Miss Wallis, Mrs. Paul Foster of Division Salem, N. C., who arrived here several days ago, and is their house guest until the sailing. During the absence of the Wallis family their daughter and son-in-law, Mr. and Mrs. George Ralph Martin (Byrd Wallis), a bride of the early spring, will occupy their home at 402 South Harvard boulevard. As a farewell to their many friends, Mrs. Wallis and her daughter, Mrs. Paul Hammons (Harvie Wallis), Mrs. George Ralph Martin and Miss Evelyn Wallis entertained with an attractive tea given at the beautiful new home of the Ham-

monds in Windsor boulevard. The guests were received in the spacious gardens, and tea was served beneath great umbrellas in gay colors, and also huge Japanese parasols were used. The gardens were abloom with autumn flowers, dahlias, asters, sinlins and chrysanthemums, and the Hawaiian orchestra, which furnished music for the afternoon, was hidden behind an immense screen of giant bamboo. This is the first affair which Mrs. Wallace has given since the marriage of Miss Byrd Wallis and Mr. Martin last February.

Home From Summer Vacation
Mr. and Mrs. A. M. Culver and family have returned home from their summer outing in Venice and are again domiciled at 2801 South Menlo avenue.

Visiting Here
Among the many delightful visitors to Los Angeles this month are Mr. and Mrs. Eugene Herbert Pursell of Indianapolis, who are guests at the home of Mr. and Mrs. Andrew L. Johnson, 4006 Ingraham street. Mr. and Mrs. Pursell (Dorothy Ballard) are on their honeymoon, the wedding taking place in the eastern city recently, being one of the brilliant events of the month. Mrs. Pursell is the daughter of Mr. and Mrs. Harry C. Ballard and was graduated from Butler College and Purdue University. The wedding took place in the Westminster Presbyterian Church, Rev. Earl Moore, cousin of the bridegroom, officiating, assisted by Rev. H. T. Graham. Following the ceremony a reception was given at the new home of the young couple, it having been completely furnished and is awaiting their return. This evening Mr. and Mrs. Johnson are entertaining with a dinner dance in the Cocoonut Grove, the Ambassador, in honor of their guests, others including Mr. and Mrs. William T. Keefe and Mr. and Mrs. Ernest Leroy Webster. Mr. and Mrs. Pursell, who are touring the Coast, will return home the first of November.

Coming Home
Mrs. Adelbert Fennes of Orange Grove, Pasadena, who, with her daughter, Mrs. Thomas E. Curtin, and grand-daughter, Miss Leonora Curtin, have been touring abroad for the past six months, are expected home the first part of November. The last letter told of a delightful trip in Switzerland, and they were then about to leave for Paris, where they were planning to remain until ready to start for home.

Touring World
Mrs. Mabel V. Pritchard of 262 South Benton way, and her attractive daughter, Miss Viola Pritchard, are planning a delightful tour around the world, sailing October 7 on the President Adams for Paris, where they will visit the points of interest, including Japan, China, Philippines, India, Egypt and the Orient, and later will tour the continent of Europe and will motor through England and the British Isles before returning home in June, passing two months in Spain.

Church Wedding
Mr. and Mrs. Wilford J. McCray have issued invitations for the marriage of their daughter, Miss Beulah Lee, to George James Meacham, the ceremony to be read this morning at 9 o'clock in St. Paul's Church, Bronson avenue and Washington street.

Bridge-Luncheon
One of the charmingly-arranged affairs of recent date was the bridge-luncheon given Tuesday afternoon at the Mary Louise by Mrs. Clarence Montgomery Knox, the tables arranged in the Flower Room and centered with low baskets of crystal filled with pink and blue blossoms, tulle ribbons adorning the handles. The same color scheme was effectively carried out in artistic French dolls which marked the covers for the twelve guests. Favors at each place were in the form of tiny cut glass perfume bottles with cloisonne tops.

Wintering Here
Mrs. A. A. Gibson, society leader of Los Angeles and Southern California, has taken up her residence at the Biltmore, where she will be domiciled for the winter. Her summer home in Ocean Park was open during the summer, and Mrs. Gibson and her hostess, Mrs. Harrison, passed the hot weather there. Mrs. Harrison left several days ago for Jackson Hole, Wyo., to visit her daughters, and Mrs. Gibson has closed her seaside home for the season.

Leaving for the East
Mrs. William Henry Cline of 678 Wilshire place is planning to leave for the East.

Waxing and polishing
The easy way to keep a linoleum floor good-looking is to wax it. Rub the wax in thoroughly and polish with a weighted brush. Rewax once or twice a year, and on cleaning day restore the walked-on places with a cloth moistened in liquid wax. Scrubbing linoleum is unnecessary. Strong soaps or scouring powders are harmful. Waxing is the right way.

Write our Bureau of Interior Decoration

This Bureau, in charge of Mrs. Hazel Dell Brown, an experienced decorator, will help you to plan color schemes for new homes or particular rooms. Mrs. Brown will send you suggestions of linoleum designs, and tell you how to take care of your linoleum floors. We will send you a sample of Armstrong's Jaspé Linoleum, a 24-page booklet, "New Floors for Old," and direct you to good stores near you that do good laying, and can supply Armstrong's Linoleum in the new decorative designs. This help is free.

An Interior Decorator Chose This Linoleum
Floor for Her Own Dining Room

THIS sketch was made from a photograph of the dining-room of a prominent New York interior decorator.

She chose this black and cream inlaid tile pattern of Armstrong's Linoleum for her home because the linoleum was pretty.

Like thousands of other women who buy linoleum every day, this decorator knew that a linoleum floor was economical; she knew that it was easy to clean; she knew that it was durable.

Most women know all these things about linoleum floors. They are discovering an even more interesting thing—that a floor of modern linoleum is beautiful.

Architects are showing them that this is so. Decorators are demonstrating it again and again. Merchants are proving it.

Linoleum looks its best underfoot—as a floor

A roll of linoleum standing in a store does not always give a clear

idea of how that same linoleum will look on the floor of your home.

But when one of the modern designs of Armstrong's Linoleum has been chosen for a definite room in your house—when a trained linoleum layer has cemented that linoleum floor in place—smooth, watertight, and unbroken by unsightly seams—when that linoleum floor has been thoroughly waxed, the furniture replaced, perhaps a fabric rug laid upon it—

Then you do see that it is indeed a beautiful floor.

The modern way to lay linoleum

When a floor of linoleum is to be laid, the better stores will recommend "cementing over felt." This means that a lining of builders' deadening felt is first pasted to the bare wood floor. The linoleum is then pasted to this felt and extended beneath the moulding around the walls. When the wood floor expands or contracts in changing weather, the felt lining prevents this from affecting the linoleum. In winter the room is warmer.

SEATTLE FOLK HERE FOR WINTER

Subdeb and Mother Visit Relative

Miss Imogene Smith

THIS attractive subdeb and her mother, Mrs. O. M. Smith, arrived recently from their home in Seattle and are guests at the home of Mrs. Smith's brother, Dr. H. F. Smith, on Concord street.

leave Thursday morning for a delightful trip in the East. She will visit in New York, Washington, D. C., and Chicago and is planning to visit relatives and old friends in Louisville, Ky. Mr. Cline, who is hunting in Mexico, will join his wife in Gotham, and accompany her home. They will be away for a month or six weeks.

Scott-Anderson
A beautiful wedding of the past week was that of Miss Lenore Scott, daughter of Dr. and Mrs. Julian Winslow Scott, and Homer Wendell Anderson of Alhambra, son of Mr. and Mrs. A. R. Anderson of Rockford, Ill., the ceremony taking place at the home of the bride's parents, 1876 Oak street. A reception followed the ceremony and Mr. and Mrs. Anderson left immediately afterward for their honeymoon trip through the northern part of the State. The bride graduated from the University of Illinois for three years and was graduated from the University of Southern California and is a member of the Alpha Delta Pi Sorority. Mr. Anderson holds the alma mater with the Carnegie Institute of Technology, Pittsburgh, Pa.

HOUSEHOLD
SUGGESTIONS

Baby's Stork Panties

We mothers spend a good many dollars on rubber pants for baby's first year, but this amount can be lessened if proper care is taken of them. After washing and drying the pants, put them in a box containing a few spoonfuls of talcum powder or cornstarch and shake vigorously. Shake off the surplus powder and you will find they are silky and smooth as when new. Consequently, they will not tear so readily and will last many weeks.

Colorings

When you are coloring candy or icings at home, use beet juice for pink, orange juice or egg yolk for yellow, spinach juice for green and blackberry juice for lavender.

Removes Brown Stains

A solution of borax and water, pretty strong, will remove brown stains from baking dishes. Let stand in the solution over night.

Planked Steak

—This delicious creation is a master chef's culinary delight that connoisseurs of meat enjoy to eat.

Served in a carte au veau or you may enjoy our famous

IS VACCINATION HARMLESS?

In vaccination absolutely free from danger? Not any more than a scratch of any kind is absolutely free from danger. We have heard of pin pricks and razor scratches and the cutting of corns resulting in death. The danger from vaccination is due to the same reason for such accidents—that unless proper care is taken the vaccination may become infected.

Before the government inspection of vaccine was installed and before the extreme care and cleanliness which are now used in the manufacture of vaccine was practiced, sometimes the vaccine itself caused infection. Now, however, a bad sore arm is a rare occurrence and serious complications still rarer. Compared to the benefits derived by vaccination the dangers are infinitesimal.

There have been a few cases of tetanus following vaccination. The fact that lack of care is the biggest factor in these few cases is shown by the figures from the United States Army and Navy which show a record of millions of vaccinations without a single case of tetanus.

Special tests for tetanus of every lot of vaccine before it is placed on the market are now required by Federal regulation. If with the care that is used in preparing the vaccine, there is proper care after vaccination, there is no danger from tetanus.

In more than 5,000,000 consecutive vaccinations in England, Scotland and Wales there was but one case of tetanus, and in this one case there was no evidence that it was in the vaccine.

When human vaccine was used it was shown that syphilis and tuberculosis and other diseases might be transmitted, but this you do not have to think of at all, for the vaccine that is used now is bovine vaccine (it is called bovine because it is made from a cow's milk).

I would not mention these complications at all, for they are grossly exaggerated in the anti-vaccination literature. However, it is just as well for you to know that there is danger if you allow the wound to become dirty and infected—just as there is a danger in allowing any wound to become dirty and infected.

Vaccination does make an arm sore, even if it is not infected. But it is preferable to have this one vaccination sore on the arm than to run the possibility of having 100 running, suppurating sores all over the body and a general disease which may cause blindness, deformity of the face and in many cases, death. Vaccination does protect against smallpox. It was vaccination that caused scores in civilized nations, not sanitation, as the anti-vaccinationists claim. If it were not for vaccination, the world would be a very different place.

steadily advanced, we are now having a smallpox epidemic in the United States. It is a very serious epidemic, and it is a very real danger to the health of the people.

There is no danger in vaccination. It is a very safe and effective way to protect against smallpox. It is a very real danger to the health of the people.

CONDUIT WORK DELAYS
FIFTH STREET PAVING

The paving of Fifth street from Grand avenue to Flower street should be completed within sixty days, it was stated yesterday at the City Engineer's office. The delay is due to the strict order of the Council that the new sewer must be in the street, as well as all public-utility lines and conduits, before the new paving is laid. The engineering department will sprinkle the street in order to lay the dust.

By a "Times" Staff Correspondent
PARADISE, Sept. 29.—Miss Irene Kirchoff, Los Angeles waitress, said to be the sweetheart of Harry Garbutt, ex-convict now being held in Pasadena charged with the murder of Mrs. Dorothy Lee Mann, Pasadena woman who was found beaten and shot at her home, 96 North Madison avenue, more than a week ago, will be held by the Pasadena police for an indefinite period, it was announced today by Chief of Police Kelley. Today the chief sent the girl, in company with detectives, to her home in Los Angeles to obtain more clothing.

Although at present she is being held only as a material witness, she later may be charged with aiding a criminal to escape, police said. It was she who secured \$50 from a relative and was about to turn it over to Garbutt when the pair were arrested, police say. Chief Kelley and detectives again questioned Garbutt today about his part in the murder, but no additional details were gleaned from the prisoner, it was stated.

THREESPASS SUIT FILED
The Southern Pacific Railway Company brought an action in Federal court yesterday against George H. Fuller, who, the bill recites, a short time ago moved a house onto the company's right of way and station reservation at Lancaster, Los Angeles county. Mr. Fuller, it is said, refuses to remove his house from the aforesaid property of the plaintiff company, which seeks to have the United States courts issue an order removing the obstructing domicile.

A Bit of Starch
Add a little starch when doing up cretonnes. It will take away that flimsy look and keep the cretonne clean longer.

Day by day Vivaudou's Astrigent Cream gently restores the early childhood fineness of your pores and a clear, smooth, beautiful complexion is yours. Pores filled with dirt—constantly enlarging—add years to a woman's looks.

You can actually take years from your appearance by the following simple treatment.

Spread this layer of Vivaudou's new Astrigent Cream over your face and throat. Gently pat it in. It vanishes quickly. All night long this wonder cream gently closes the pores. This keeps dust and dirt out and the precious oils of the skin in.

In the morning repeat the treatment before applying face powder. It is a wonderful powder base. Your powder does not get in to clog the pores.

Day by day Vivaudou's Astrigent Cream gently restores the early childhood fineness of your pores. Fine pores make a beautiful skin. Full Size Jar \$1.00. At all Drug and Department Stores.

ANOTHER HIT

"CLINGING VINE" BLOOMS AT PLAYHOUSE

By Grace Kingsley

"The Clinging Vine" is certainly the champagne-grapevine. It looks as though it is destined to cling to this old town as long as it likes. It is blooming down at the Playhouse, where it opened up to a brilliant audience last night, composed very largely of theatrical and picture folk.

It is something we seem to have been looking for a real musical comedy, like those that used to delight us—in a class with "Irene," "Going Up," and some others. For the music is really music, and the comedy is really comedy. Zella Seara, who has written many hits, never wrote a better play than "The Clinging Vine," and Harold Levy's score is a win.

"The Clinging Vine" is up to the minute, too. It is all about the efficient young business woman who listens to the wisdom of her flapper grandmother. "Now-a-days it's a swift child that can keep up with its grand-mother," is one of the lines of the flapper grandmother. This, in a way, is the theme of the play. "If you would be a flapper, the counsel of old women," is a staid and solemn old saw.

"The Clinging Vine" says it with comedy and music. Best of all, perhaps, it brings the brilliant artist, Peggy Wood, to us. Miss Wood is making her western debut in this production, and we may consider that we are favored in being permitted to hear so beautiful and accomplished a singer and actress in the star role. For the music isn't of the usual tinkly variety, but is really worth while, and it takes a voice of beauty, culture and flexibility to give the music its full value. Miss Wood's voice is being trained for grand opera, and it is a very rich, lovely voice indeed. We hope some time to hear it as Marguerite or Mimi or in "Madam Butterfly."

There is a whole lot of acting to be done by the star in this piece, too—real characterization. For Peggy is first the plainly dressed exponent of the woman efficient in business, who is later transformed into the feminine fluff through taking the advice of her flapper grandma.

"Marriages," says Roy Guilt, "were made in heaven." "Well, some of them were made on earth," says Roy Guilt, "and some of them were made on earth."

Tricks Frisanna is simply superb as the flapper grandma. They kept her away from musical comedy so long? If Peggy Wood weren't such a very, very clever girl, Trickle would certainly steal the show. She is gorgeously funny, makes her every comedy point count, and she is a real star. She makes her every comedy point count, and she is a real star.

The music is plaintive, hitting, dreamy and jassy by turns. It is haunting, too—music that you will want to hear on your radio. The characters are all the better for played and sung. Roy Guilt, star of Earl Carroll's "Vanties" in New York last year, makes a big hit with his beautiful light opera tenor. So does Ernest Wood, who played "Madame Lucy" in "Irene" back in New York. William Raymond, Alan Mitchell, Dee Loretto and Dorothy Rock were all pleasing. The orchestra proved herself a marvelous little dancer, in an acrobatic number, and the others are all satisfactory.

These jungle boys, Williams and Taylor, sincere colors and marvellous acrobats, and likewise topped proceedings. Theodore Westman, Jr., is a red-headed hunk, who snags into the leading role of "Bo-This Is D-Vorce" right jauntily, as son of his parents, who have been estranged, but are on the point of remarrying, only son is afraid.

PLAYDOM

A REAL NOVELTY

"SIX CHARACTERS IN SEARCH OF AN AUTHOR" UNUSUAL

By Edwin Schallert

I don't know just what "Six Characters in Search of an Author" would mean to a person who is in search of entertainment along the way and glowing highways, but to a number of those who assembled last night at the Potboilers' Playhouse on North Broadway it contributed at least a little thrill of novelty, if not something more.

The applause at the close of three acts of the most extraordinary manifestation of drama ever seen in any local theater was so thunderous that you could almost believe that the handful of people who attended were really an audience of a size to be found in the average theater, and more than ordinary enthusiasm.

Of course, the Potboilers' classic dedication to a "little theater" movement, and the plays they have selected for previous presentations have all taken a rather intellectual course. The organization has appeared very definitely to the public interested in the unusual.

"Six Characters in Search of an Author" is really their most ambitious enterprise. The play has only recently been given in New York, where it brought a rather astonishing reaction from critics, those devoted to the theatrical professions, and students of the play. It is reckoned as of essential attraction for such a thoroughly initiated group, of course, and as such is considered a unique achievement for its author, Luigi Pirandello.

I cannot go into great detail of description and criticism here, but can only hope to throw some light on an action and drama that is at once so simple and so utterly wild and chaotic. If one looks at it through eyes accustomed to the customary rules of procedure in the theater.

Personally, I feel attracted to a high degree by anything of this nature. Many may describe it as hard work to go see anything like Luigi Pirandello's play if one wants to get anything out of it. Every line means something, and a great deal of the dialogue wanders off into the most extraordinary abstractions and at times into a veritable jungle of the metaphysics of playwriting. However, it is all very interesting once the surface is penetrated as with due preparation it may be.

The opening of "Six Characters in Search of an Author" takes place on a bare representation of the stage of an ordinary theater, during the progress of a rehearsal. There is no scenery in view, and in fact only the most incidental excuse for the same at any time during the action.

We are introduced one by one to the members of a "provincial theater group," engaged in putting on a play by the author of "Six Characters in Search of an Author." Some of this group make their entrance through the audience, and the others, those who are about to act in the play, through the stage door at the back of the stage.

They have just prepared to start a rehearsal when the doorkeeper comes in to announce that there are six people outside who desire to see the stage director.

Before he has had time to finish the announcement these people enter—four adults and two children. They are the characters of the play's title—in other words those in search of somebody to give them being in a play. They are not ordinary characters either, and they attempt to enact a drama which in its essence is a tragedy more bitter than that of the ancient Greeks—but they are neither ectypes, nor prototypes nor symbols, nor anything else like that, but simply characters of an author's imagination, said author having failed to complete the play of which they are a part, and they now seek to have their say about how they should be characterized and played.

Of course it is satire on the theater chiefly—also on the way that actors play their roles, and the manner in which plays are adapted to the stage, and for that matter how they are written as plays.

Many of the movie scenarios might be pointed to as the "horrible examples" of the mishandling of characters which Pirandello's satire hits. He has really penetrated many of the pretty clouds that we are prone to call the "illusion of reality" and shown the real facts that are concealed in the consciousness of those who aim to create, whether it be in literature, or drama, or pictures, or any other form of expression. In the process of doing all this he has put on, as an apparently incidental feature, a drama that would, under ordinary circumstances, stand not the least chance of getting by the censors, because of the terrible and ghastly tragedy which it expresses.

It is all out of line, of course, from beginning to end, with preconceived notions of the drama. In fact "Six Characters in Search of an Author" would be described as the sheerest nonsense. But for anybody who seeks entertainment of a thoughtful sort, that seeks to clear the atmosphere in playwriting and everything else connected with the theater, this has much to offer. It might be especially indorsed as an antidote for the too much hokum in all entertainment.

The play assumes a major importance over the playing in this instance, I feel, and some of that might well done. Of course, there are limitations of stage, and limitations of ability in certain instances, but a very strenuous effort has been made in this case to overcome most of the traits of amateurism.

"Six Characters in Search of an Author" is really their most ambitious enterprise. The play has only recently been given in New York, where it brought a rather astonishing reaction from critics, those devoted to the theatrical professions, and students of the play. It is reckoned as of essential attraction for such a thoroughly initiated group, of course, and as such is considered a unique achievement for its author, Luigi Pirandello.

I cannot go into great detail of description and criticism here, but can only hope to throw some light on an action and drama that is at once so simple and so utterly wild and chaotic. If one looks at it through eyes accustomed to the customary rules of procedure in the theater.

Personally, I feel attracted to a high degree by anything of this nature. Many may describe it as hard work to go see anything like Luigi Pirandello's play if one wants to get anything out of it. Every line means something, and a great deal of the dialogue wanders off into the most extraordinary abstractions and at times into a veritable jungle of the metaphysics of playwriting. However, it is all very interesting once the surface is penetrated as with due preparation it may be.

The opening of "Six Characters in Search of an Author" takes place on a bare representation of the stage of an ordinary theater, during the progress of a rehearsal. There is no scenery in view, and in fact only the most incidental excuse for the same at any time during the action.

We are introduced one by one to the members of a "provincial theater group," engaged in putting on a play by the author of "Six Characters in Search of an Author." Some of this group make their entrance through the audience, and the others, those who are about to act in the play, through the stage door at the back of the stage.

They have just prepared to start a rehearsal when the doorkeeper comes in to announce that there are six people outside who desire to see the stage director.

Before he has had time to finish the announcement these people enter—four adults and two children. They are the characters of the play's title—in other words those in search of somebody to give them being in a play. They are not ordinary characters either, and they attempt to enact a drama which in its essence is a tragedy more bitter than that of the ancient Greeks—but they are neither ectypes, nor prototypes nor symbols, nor anything else like that, but simply characters of an author's imagination, said author having failed to complete the play of which they are a part, and they now seek to have their say about how they should be characterized and played.

Of course it is satire on the theater chiefly—also on the way that actors play their roles, and the manner in which plays are adapted to the stage, and for that matter how they are written as plays.

Many of the movie scenarios might be pointed to as the "horrible examples" of the mishandling of characters which Pirandello's satire hits. He has really penetrated many of the pretty clouds that we are prone to call the "illusion of reality" and shown the real facts that are concealed in the consciousness of those who aim to create, whether it be in literature, or drama, or pictures, or any other form of expression. In the process of doing all this he has put on, as an apparently incidental feature, a drama that would, under ordinary circumstances, stand not the least chance of getting by the censors, because of the terrible and ghastly tragedy which it expresses.

It is all out of line, of course, from beginning to end, with preconceived notions of the drama. In fact "Six Characters in Search of an Author" would be described as the sheerest nonsense. But for anybody who seeks entertainment of a thoughtful sort, that seeks to clear the atmosphere in playwriting and everything else connected with the theater, this has much to offer. It might be especially indorsed as an antidote for the too much hokum in all entertainment.

The play assumes a major importance over the playing in this instance, I feel, and some of that might well done. Of course, there are limitations of stage, and limitations of ability in certain instances, but a very strenuous effort has been made in this case to overcome most of the traits of amateurism.
